To PARENTS ALERT (April, 2024).

This Index summarizes the evidence cited on Parents Alert (April, 2024) attached herein.

This evidence can be used to request your doctors, nurses and medical schools to get training in Environmental Medicine. This evidence can be used to stop and prevent massive medical errors and to protect our children, our families and ourselves from these medical aggressions as detailed herein.

Evidence on the record has proven the fraud on the Courts to conceal:

- 1- That the diagnosis, medication and treatment of doctors without expertise in Environmental Medicine are foreclosing any possibility of a cure on millions of children and of other defenseless and unsuspecting victims that have been injured by wireless/microwave radiation and from other Environmental Toxicants, including Arsenic, Lead and Mercury;
- 2- To conceal that these massive medical errors are the leading cause of disability and death in the United States;
- 3- And to conceal that these massive medical errors are a national health crisis in progress.

Evidence on the record has proven the fraud on the Courts to conceal that under fabricated excuses of national security, the future of our children and the future of our country and national security are being sold to the Wireless, to Big Pharma and to the Medical Cartels as detailed herein.
