

PARENTS ALERT (April, 2024).

Dear Parent,

Most doctors are in the dark or in denial that most of the U.S. population has been injured by exposure to Wireless/Microwave Radiation and by other Environmental Toxicants, including Arsenic, Lead and Mercury.

There are no safeguards to prevent that the diagnosis, medication and treatment of doctors without expertise in Environmental Medicine aggravate further the injuries caused on their patients by Microwave Radiation and by other Environmental Toxicants.

These massive medical errors are causing catastrophic, irreversible and deadly harm and disabilities to millions of children and to millions of other defenseless and unsuspecting victims, as detailed by the evidence cited herein.

This evidence can be used to request your doctors, nurses and Medical Schools to get training in Environmental Medicine;

This evidence can be used to stop and prevent the massive medical errors.

And this evidence can be used to protect our children, and to protect our families and ourselves from these medical errors as detailed herein.

---

PARENTS ALERT (April, 2024).

DEAR PARENT:

MEDICAL ERRORS ARE THE LEADING CAUSE OF DISABILITY AND DEATH IN THE UNITED STATES. (Please See pages 2-4, herein).

THESE MASSIVE MEDICAL ERRORS ARE FORECLOSING THE POSSIBILITY OF A CURE ON MILLIONS OF CHILDREN AND ON MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS.

THE EVIDENCE DETAILED HEREIN MAY HELP TO PROTECT OUR CHILDREN AND TO PROTECT OUR FAMILIES AND OURSELVES FROM THESE DEADLY ERRORS. +++

When I was a teenager, I went to see our family doctor for a treatment to gain weight. In response to my request, our doctor explained to me how it was a deadly mistake to give our body unnecessary medication and that he had learned this mistake the hard way. Our doctor explained how he had taken medication for any perceived ailment; that the medication had clogged the vessels of every organ on his body; and that he was dying from the mis-medication. I learned soon afterwards, that our doctor had died.

At several times during my studies of government in college, professors detailed how in most cases, doctors cannot find the root cause of illnesses, and how in most cases, doctors' diagnosis, medication and other treatment is based on probabilities, trial and error and even wild guesses. (Please See pages 39-42, herein).

+++ I am not a doctor or attorney, I am not representing to be so, and what I am sharing herein is not medical or legal advice. The evidence cited herein can be used to request doctors, nurses and medical schools to get training in Environmental Medicine which can stop and prevent the massive deadly medical errors.

"DOCTORS MOST CLOSELY GUARDED SECRETS."

At several times during law school, professors detailed how in most cases doctors cannot find the root cause of their patients' illnesses, and how in most cases, doctors diagnosis, medication and treatment are based on what amounts to a Russian Roulette. See pages 39-42, herein.

During that time, a doctor shared with me what he thought was "Doctors Most Closely Guarded Secret", that with exception of injuries that require care in the ER, in most cases, the body has the ability to heal itself if provided with proper rest, nutrition and environment.

The doctor explained how if the medication does not kill the patients, the patients would think that the doctor and the medication provided the cure. The doctor said that in most cases, "We do not cure anything."

More than 20 years of litigation generated evidence proving the fraud on the Courts to conceal: That most illnesses are caused and aggravated by exposure to wireless/microwave radiation and by other environmental toxicants, including Arsenic, Lead and Mercury; to conceal that massive medical errors are causing catastrophic, irreversible and deadly harm and disabilities to millions of children and of other defenseless and unsuspecting victims; and to conceal that under fabricated excuses of national security, the future of our children and of our country and national security are being sold to the Wireless, to Big Pharma and to the Medical Cartels as detailed herein.

"I would advise anyone with environmental or chronic illness to clear their home of all wireless and other electromagnetic-field-generating devices. They can stress out your system, which reduces your ability to heal." Dr. Elizabeth Evans. See page 37, herein (Emphasis mine) Court Transc. 3567, Kijakazi, id; See page 23 to Appx. B attached herein.

On his book, An End to Upside Medicine ((2023), Mark Gober details how the human body has the innate ability to heal itself.

ELECTROHYPERSENSITIVITY EHS, AND CHEMICAL HYPERSENSITIVITY, CHS.

On the year 2000, I was diagnosed for the first time with EHS and CHS at the Environmental Health Center in Dallas, Texas. The symptoms and signs of EHS and CHS are caused and aggravated by exposure to the same wireless/microwave radiation and chemicals and fumes reaching children at school and mimic the symptoms and signs of most illnesses, including catastrophic, irreversible and deadly illnesses. I have been homebound for more than 13 years with life-threatening EHS and CHS. My EHS and CHS have been recognized by federal and State agencies and by Courts as physical medical conditions and as disabilities. It is estimated that without knowing it, more than half of the U.S. population (More than 160 million people) are suffering symptoms and signs of EHS and CHS. See Statement of Physical Disabilities, pages 1-13, Appendix A, attached herein. +

Evidence on the Court's record and cited herein has proven as a matter of fact and as a matter of law:

- 1- That most doctors are in the dark or in denial of EHS and CHS and of other harm caused by microwave radiation and other environmental toxicants, including Arsenic, Lead and Mercury;
- 2- That most doctors are misdiagnosing and mistreating the harm caused by radiation and by chemicals with harmful chemicals and radiation including powerful drugs, deadly painkillers and deadly chemo and radiation therapies;
- 3- And that these massive medical errors are causing catastrophic, irreversible and deadly harm to millions of children and to millions of other defenseless and unsuspecting victims as detailed by Parents Alert (April, 2024) and Appendices A and B, attached herein.  
The Index to Parents Alert (April 2024) attached herein provides a quick reference to the evidence cited herein.

PARENTS ALERT (April, 2024).

EVERYDAY, MILLIONS OF CHILDREN ARE VICTIMS OF MASSIVE MEDICAL ERRORS.

Dear Parent, in violation of two Court Orders, U.S. Attorney, Mr. Alamdar S. Hamdani, the top federal criminal prosecutor in this area refused to engage evidence on the record proving the fraud on the Courts to conceal that everyday, massive medical errors are causing catastrophic, irreversible and deadly harm and disabilities to millions of children and to millions of other defenseless and unsuspecting victims. *Mendoza v. Kilolo Kijakazi*, Case No. 7:22-cv-85 (S.D. TX. 2022) Dockets 47, 50, 51, 52. See copies of Court Orders, pages 54, 55 to Appendix B attached herein.

- A- Sharing this evidence with your contacts, and with teachers, school officials, doctors, nurses, attorneys, pastors, Judges, and legislators, so they can do the same;
- B- REQUESTING YOUR DOCTORS, NURSES AND MEDICAL SCHOOLS TO GET TRAINING IN ENVIRONMENTAL MEDICINE;
- C- And requesting your legislators to intervene to protect our children can save immense pain and suffering and the lives of millions of children and of millions of other defenseless and unsuspecting victims as detailed herein.

GOVERNMENT OFFICIALS HAVE A DUTY TO VERIFY THIS EVIDENCE AND A DUTY TO PROTECT OUR CHILDREN AS THE EVIDENCE DEMANDS.

Mr. Hamdani has a duty to explain to Congress his refusal to investigate and prosecute these crimes.

OUR CHILDREN CANNOT DEFEND THEMSELVES FROM THESE AGGRESSIONS.

Respectfully,  Tel. (956) 583-7012.  
Jesus Mendoza

## THE MOST IMPORTANT QUESTION OF PARENTS TO DOCTORS.

Most parents, without hesitation, will run into a burning house to save their children.

The evidence cited herein has proven that the harm caused on children by massive medical errors can be worse than the harm caused on them by a burning house.

The same evidence has proven with absolute certainty that massive medical errors are already consuming all the time and resources and even the lives of millions of children and of other defenseless and unsuspecting victims.

One simple question to doctors, nurses and medical schools can make the difference between life and death to millions of children:

"HOW CAN YOU BE SURE THAT THE SYMPTOMS AND SIGNS OF MY CHILD'S ILLNESS ARE NOT CAUSED OR AGGRAVATED BY MICROWAVE RADIATION OR BY OTHER ENVIRONMENTAL TOXICANTS?"

This is the most important and legitimate question on our children's health.

THE ANSWER TO THIS QUESTION CAN BE THE DIFFERENCE BETWEEN LIFE AND DEATH. WE HAVE THE RIGHT TO KNOW WHAT IS MAKING OUR CHILDREN SICK.

"Don't wait until it's too late. Ignoring the facts doesn't change them,"  
Carleigh Cooper.

"Our lives no longer belong to us alone. They belong to all those who need us desperately." Elie Wiesel.

"Silence is the deadliest weapon of mass destruction."

Former Congresswoman, Cynthia Mckenney.

THE MASSIVE MEDICAL ERRORS OF DOCTORS WITHOUT EXPERTISE IN ENVIRONMENTAL MEDICINE ARE THE LEADING CAUSE OF DISABILITY AND DEATH IN THE UNITED STATES.

The millions of people suffering from Electrohypersensitivity EHS, and Chemical Hypersensitivity CHS, have proven as a matter of fact and as a matter of law that doctors without expertise in Environmental Medicine are misdiagnosing and mistreating the injuries caused by Wire-less/Microwave Radiation and by chemicals with harmful and deadly radiation and chemicals, including powerful drugs, deadly painkillers and deadly Chemo and Radiation therapies on millions of children and on millions of other defenseless and unsuspecting victims.

"Diagnostic errors kill or disable almost 800,000 Americans every year."

Stephanie Stahal, Researchers call errors leading to death or becoming disabled "public health emergency" CBS NEWS, Philadelphia July 20, 2023.

(Emphasis mine)

This number is almost twice the number of Americans killed by COVID on the year 2020;

This number is more than 3 times the number of American soldiers killed by the Nazis on D-Day on Normandy Beach during World War II;

And this number is more than 250 times the number of people murdered by terrorists on the 9-11 attacks.

"And I would say that is a very conservative number."

K.P. Stoller, M.D., Incurable Me (2016) (Emphasis mine)

THE MALICIOUS ATTEMPTS TO CONCEAL THAT MASSIVE MEDICAL ERRORS ARE  
THE LEADING CAUSE OF DISABILITY AND DEATH IN THE UNITED STATES. +++

On his book, *Death by Medicine* (2011), Gary Null, Ph.D., details how  
as little as 5% and no more than 20% of deadly medical errors are reported.  
Mark Gober, *An End to Upside Medicine* (2023) pages xiii, xiv.

These numbers corroborate the fact that the number of children and of  
other defenseless and unsuspecting victims that EVERYDAY are maimed and  
tortured to death by the massive medical errors:

- 1- Is more than twice the 1,522 victims killed by the Titanic tragedy;
- 2- Is more than the 3,000+ victims murdered by terrorists on 9-11;
- 3- And corroborate the fact that massive medical errors are the leading  
cause of disability and death in the United States, and the fact that  
massive medical errors are a national health crisis in progress  
as detailed herein.

+++ The Index to Parents Alert (April, 2024) provides a quick reference  
and summarizes the evidence detailing how massive medical errors  
are a national health emergency and a clear and present danger to  
millions of children and of other defenseless and unsuspecting  
victims.

DOCTORS REFUSAL TO GET TRAINING IN ENVIRONMENTAL MEDICINE  
IS THE ROOT CAUSE OF THEIR MASSIVE MEDICAL ERRORS AS EVIDENCED  
BY THEIR MASSIVE PRESCRIPTION OF DEADLY DRUGS AND DEADLY PAINKILLERS.

Doctors without expertise in Environmental Medicine are in the dark or in denial of the pain, swelling and other injuries caused and aggravated on their patients by daily exposures to microwave radiation and to other environmental toxicants and continue prescribing massive amounts of powerful and harmful drugs, foreclosing any possibility of a cure.

According to the CDC, "(N)early 20 million reported pain so severe it limited their ability to work, socialize, and even take care of themselves or their family." Real Pain, Relief Now, Consumer Reports, June 2019 page 24.

"Pain is an alert, a signal from the brain that there's something really wrong that you need to pay attention for your survival,..."

"Typically, the pain fades after you address the problem and the body has a chance to heal." Dr. David Taubens, Chief of Pain Medicine at the University of Washington School of Medicine. (Emphasis mine)

According to the Institute of Medicine "Nearly one third of Americans experience long-lasting pain - the kind that lingers for weeks or months - and (patients) too often feel stigma rather than relief from healthcare system poorly prepared to treat them..." More than 100 million suffer lasting pain, reports says, the Monitor June 30, 2011 at 4A. (Emphasis mine)

Mosby's Dictionary 5th. Ed. 1998.

Swelling of vital organs may not be readily detectable. and sets people up for heart disease, cancer, obesity and diabetes. Dr. Michael Wargovich.

The massive mis-prescription of deadly painkillers for the pain and swelling caused on children by the massive exposures to microwave radiation at school is maiming and torturing children to death.

"The rate of U.S. children hospitalized for prescription - opioid overdoses and poisoning more than doubled over a period ended in 2012."

## HISTORY IS REPEATING ITSELF.

Due to decades of Main Stream Media Black Propaganda brainwashing and indoctrination, it is difficult to recognize and accept the fact that our government is committing horrifying atrocities against millions of children and against millions of other defenseless and unsuspecting victims to benefit powerful, corrupt and treasonous interests.

See page 82-85, herein.

On his book "Poisoned" (2017), Alan Bell, an experienced criminal attorney and prosecutor with sophisticated analytical skills to discern the truth, details how even when Electro and Chemical sensitivities were killing him, he struggled with the fact that our government is exposing millions of people to harmful, disabling and deadly environmental toxicants, with the fact that most doctors are in the dark or in denial of the harm caused by environmental toxicants; and with the fact that most people are in the dark or in denial of these aggressions.

On his book "Night", Elie Wiesel details how people in his town regarded as delusional an eye-witness' stern and repeated warnings to escape the imminent Nazi slaughter. Wiesel details how even when he was watching in first row how Nazis were throwing screaming children into fiery pits fueled by living human beings, he still resisted the idea that his government could allow such atrocities on its own people.

During the Stanlin era, and under fabricated excuses of national security, more than 7 million men, women and children were starved to death to give their land to Soviet Oligarchs. Most farmers ignored the warnings of the imminent slaughter.

The 1994 movie Blue Sky details how ranchers in Alabama ignored stern repeated warnings that they were being exposed to deadly nuclear bomb radioactivity because they could not believe that our government could do such atrocity to them.

### THE TIP OF THE ICEBERG OF GOVERNMENT ATROCITIES AGAINST MILLIONS OF CHILDREN.

Most people are not aware of the evidence detailing how the U.S. government maliciously exposed thousands of Americans to deadly radiation, including feeding toddlers milk laced with radioactive iodine, and feeding 829 pregnant women with radioactive iron to see how many children and women died from the radiation poisoning.

See Morris L. Hawk, The "Kingdom of Ends", In re Cincinnati Litigation and the Right to Bodily Integrity, Case W. Res. 977 (1995) Note 34.

Evidence on the record has proven the fraud on the Courts to conceal that millions of children and pregnant women are being exposed to power levels of radiation that cause harm even to healthy adults, including levels above the federal safety limits and to the same radiation that caused severe, catastrophic and deadly harm to teachers, to fire fighters and to police officers as detailed by the Motion to Recuse 3 Federal Judges pages 2-29, Addendum A, pages 6-12, Docket 44, to Mendoza, v. Kijakazi, id. See pages 4-13, 37-43, 47-60 to Appendix B, attached; See pgs 66-85 herein.

The Motion to Recuse 3 Federal Judges and Addendum A have been posted on the Case Law Documents of J. Mendoza at [wirelesswatchblog.org](http://wirelesswatchblog.org) See links on page 18, herein.

MOST PEOPLE ARE UNAWARE THAT MASSIVE MEDICAL ERRORS AND MASSIVE EXPOSURES TO WIRELESS/MICROWAVE RADIATION AT SCHOOLS, DAY CARE CENTERS AND HOSPITALS ARE MAIMING AND TORTURING CHILDREN TO DEATH.

This may be the loudest wake-up call to parents, grandparents and parents to be.

"A correspondent in North Carolina sent me this account a few days ago of a healthy newborn who was irradiated nearly to death by the hospital environment:"

"Baby Emiliano was born in excellent health, but when I returned 12 hours later, he had been moved to a different room and I became concerned because I myself developed dizziness, tremor, and headache within about 5 minutes of visiting his room."

Arthur Firstenberg, President of the Cellular Phone Task Force, and author of *The Invisible Rainbow: A History of Electricity and Life* (2017), News letter Sept. 20, 2023, page 1.

"I knew to check my RF meter because these are microwave sickness symptoms which I get when the RF levels are high. The Cornet measurements hovered between 11 and 15 milliwatts per square meter!" id.

(That is between 11,000 and 15,000 microwatts per square meter) +++ See page 4 to Appendix B, attached herein. (11,000 - 15,000 uW/m<sup>2</sup>)

"Personally I need the RF levels below about 0.006<sup>+</sup> milliwatts per square meter, so I can't imagine what it was doing to an infant who was 12 hours old." id. (Emphasis on original) + That is 6 uW/m<sup>2</sup> of MWR.

"When I opened the curtains I noticed there was a round 5G pole outside on the street;" id.

+++ The levels of microwave radiation reaching children at school are more than 250,000 microwatts per square meter, see pages 4-13 to Appendix B, attached. Hospitals are also radiation traps, pages 20, 21, 45 herein.

"By day 3, Emiliano had developed jaundice and soon was put in the Neonatal Intensive-Care Unit, which also had very high radiation levels. While on that unit, his jaundice numbers continued to climb, and he developed a rash." Firstenberg, page 2, id.

"I told the nurse that I had a 50 rash, just like the baby. She had no clue what I was talking about. She explained that lots of babies get rash, but they don't know what causes it." id.

"After many more days in the NICU, being irradiated 24/7, the baby developed a staph infection near his tiny fingernail. The infection began spreading down his finger and they were talking about amputating his finger." id. (Emphasis mine)

"Within 48 hours of being transferred away from the high radiation at Duke Medical, the rash improved dramatically, the jaundice scores declined, and the staph infection began to improve." id.

"The baby recovered fully there and is home now." id.

The diagnosis process includes taking into account "exposure to toxic substances" Mosby's Medical, Nursing & Allied Health Dictionary 5th Ed. (1998).

"You can't treat the disease without being able to diagnose it."

Dr. Michael Weiner.

"The greatest obstacle to discovery is not <sup>h</sup>ignorance -- it is the illusion of knowledge." Daniel J. Boorstin.

Doctors' ignorance and illusion of knowledge are causing tragic consequences to millions of children as detailed herein.

THE ROOT CAUSE OF MASSIVE, DISABLING AND DEADLY MEDICAL ERRORS:

THAT MOST DOCTORS ARE IN THE DARK OR IN DENIAL THAT THE IMMUNOLOGICAL, NEUROLOGICAL AND CARDIOVASCULAR SYSTEMS ARE ELECTROCHEMICAL INSTRUMENTS THAT ARE BEING DAMAGED BY ELECTROCHEMICAL ENVIRONMENTAL TOXICANTS.

"Electricity is the foundation of life."

Ulrich Warnke, German Biologist.

"(E)very cell in our body, in our brain or nervous system is dependent on electrical signals." Erica Mallery Blythe, M.D. +

Chemicals impact organs that use electrical current, including the heart, brain and lungs. K.P. Stoller, M.D. +

"(L)iving beings are electrochemical systems..."

Allan Frey.

"The human body is an electrochemical instrument of exquisite sensitivity." G.J. Hyland. +

Evidence on the record has proven that doctors without expertise in Environmental Medicine are misdiagnosing and mistreating the harm caused by environmental electromagnetic radiation and chemicals with harmful radiation and chemicals, including powerful drugs, deadly painkillers and deadly Chemo and Radition therapies as detailed herein.

The same evidence has proven that these massive medical errors are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims as detailed herein.

+ See Page 33, herein. (Emphasis mine)

The catastrophic, irreversible and deadly harm caused on children, (including the unborn) by exposure to cell phone radiation can occur immediately. See pages 16 - 20 to Appendix B, attached herein. +++

"This is about long-term exposure, right? Cancer that takes years to develop?"

"No, The effects are rapid. Heart rate changes immediately. Blood sugar rises in minutes. Having wireless devices on your house interferes with your sleep and your memory. Using a cell phone destroys brain cells in minutes to hours, and can cause a stroke or or a heart attack. Studies show that even cancer can develop within months of first exposure."

Arthur Firstenberg, President of the Cellular Phone Task Force and author of the book *The Invisible Rainbow: A History of Electricity and Life* (2017), Newsletter Feb. 22, 2022 page 2.

There is a dramatic increase of cancer on organs more irradiated by cell phones, See page 26 herein.

"The microwave radiation a person's brain receives from their cell phone is billions of times stronger than the microwave radiation from the sun and stars. And at any particular frequency it is trillions of times stronger than the microwave he or she receives from the sun and stars at that frequency." Firstenberg, id.  
(Emphasis on original)

Electrohypersensitivity EHS, and Chemical Hypersensitivity CHS.

The millions of people suffering from EHS and CHS proves conclusively that the same wireless/microwave radiation and other toxicants reaching children at school can cause among other things swelling of vital organs, swelling of face, head and eyes, symptoms of heart attack and of stroke; and sleeping, vision, hearing, speech, memory, concentration and breathing problems even to adults as detailed by pages 1-13 to Appendix A to Parents Alert (April, 2024) attached herein.

+++ See also pages 26 - 29, 33 - 35, herein.

## THE TIP OF THE ICEBERG.

The Tip of the Iceberg of the injuries that everyday are caused by massive medical errors on millions of children and on millions of other defenseless and unsuspecting victims.

Thousands of children were diagnosed with cancer after the McAllen School District placed in its schools a massive amount of powerful and harmful military grade wireless/microwave technologies.<sup>+</sup> See pages 19-25 herein.

Evidence on the record has proven the fraud on the Courts to conceal that the radiation reaching children at school, including microwave radiation are causing children EHS, cancer, and brain, heart, blood, nerve, and DNA damage and other catastrophic, irreversible and deadly harm and disabilities that defeat the purpose of education. See pages 4-20 of Appendix B to Parents Alert (April 2024) attached herein. See pages 66-85, herein.

Cassandra died after Judges forced her to undergo chemotherapy as a child, despite that the chances of children to survive chemotherapy are practically zero. See pages 23-25, herein.

MEDICAL ERRORS. +

EVIDENCE BASED MEDICINE AND EVIDENCE BASED STANDARD OF CARE.

"Evidence-based medicine is the conscientious, explicit, and judicious use of current best evidence in making decisions about the care of individual patients. The practice of evidence-based medicine means integrating individual expertise with the best available external clinical evidence from systematic research."

David Sacket, British Medical Journal. (1996). (Emphasis mine).

Despite that everyday millions of people are exposed to powerful and harmful radiation and chemical environmental toxicants, including micro-wave radiation, Arsenic, Lead and Mercury;

Despite of the medical, scientific and legal evidence proving that these harmful exposures are causing the massive increase of more than 40 catastrophic, irreversible and deadly illnesses;

And despite that most doctors have no expertise in Environmental Medicine, the harm caused by environmental toxicants;

The "One Size Fits All" No Evidence doctors continue misdiagnosing and mistreating the harm caused by radiation and by chemicals with powerful chemicals and radiation, including harmful drugs, deadly painkillers and deadly chemo and radiation therapies.

This is the root cause of the millions of medical errors that everyday are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims, as detailed herein.

+ The diagnosis and treatment of no-evidence doctors for the pain, swelling caused by environmental toxicants amounts to a Russian Roulette, See pages 39-50 herein.

THE MASSIVE MEDICAL ERRORS HAS INCREASED CHILDREN'S MORTALITY TO ALARMING AND CRISIS LEVELS.

"A nation that begins losing its most cherished population - its children - faces a crisis like no other."

Dr. Steven Wolf.

The Monitor April 23, 2023 at 11A.

"The mortality rate among children ~~1 - 9~~ rose by 11% between 2019 and 2020 and an additional 8% between 2020 and 2021."

"And its the biggest increase in the U.S. child mortality in more than 50 years according to the study." id.

Despite that Traditional doctors in the U.S. get paid more than twice than doctors in other developed countries, their massive medical errors continue injuring millions of children and millions of other defenseless and unsuspecting victims as detailed herein.

## THE TIP OF THE ICEBERG.

Doctors without expertise in Environmental Medicine (In the injuries caused by exposure to radiation and by other environmental toxicants) are routinely misdiagnosing and mistreating with powerful and harmful drugs, confinement and even institutionalizing children that may have been injured by the microwave radiation at school.<sup>+</sup> See pages 47-50, herein. See pages 16-37, to Appendix B, attached herein.

Judge: Foster kids in peril, the Monitor, Jan. 29, 2023 at 1A, 12A.

Evidence on the record has proven the collusion of Greg Abbott with the U.S. Dept. of Education, with the U.S. Attorney, Mr. Alamadar S. Hamdani and with others on the fraud on the Courts to conceal that massive medical errors are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims.

## THE TIP OF THE ICEBERG

Peter Sullivan, a millionaire software designer thought that anybody that talked about the harm caused by microwave radiation "was a complete idiot." Until he became Electrohypersensitive. After his brilliant Stanford doctors failed to find what was wrong with him, Mr. Sullivan gave about \$1 million to research that the Medical Cartels won't touch.

Petition to Impeach 3 Federal Judges, page 12, Court Transcript 843, Mendoza v. Kilolo Kijakazi, Acting Commissioner of the Social Security, Case No. 7:22-cv-85 (S.D. Tx. 2022)

On her book, Cell Phones and the Dark Deception (2009), Carleigh Cooper details how after more than 30 Traditional/Conventional/Standard "medical specialists" failed to find the cause of her husband's painful, and debilitating symptoms, a doctor with expertise in Environmental Medicine found that her husband's symptoms and signs were caused by exposure to microwave radiation. By that time, it was deadly late.

In my family we have several children born with brain damage. The common thing in these children is that their mothers were users of cell phones while pregnant. On her book, A Wellness Guide for the Digital Age (2014), Dr. Kerry Crofton details with medical and scientific evidence how because of the massive exposures to microwave radiation, the number of children with brain damage increased from 1 in 10,000 to 1 in 88; how in a few years we may have no child left without brain damage and how by the time parents realize this danger we are bound to lose millions of children.

And this is just the tip of the iceberg of other cruel, inhumane and horrifying atrocities being committed under fabricated excuses of national security against millions of children and of other defenseless and unsuspecting victims to benefit the Wireless, the Insurance and the Big Pharma/Medical Cartels as detailed herein.

CHILDREN'S HEALTH DEFENSE V. THE FCC HAS CORROBORATED THE ATTEMPTS TO CONCEAL THE HARM CAUSED BY THE MASSIVE MEDICAL ERRORS ON MILLIONS OF CHILDREN AND ON MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS. +

On August 13, 2021, in Children's Health Defense et al., v., The FCC, and in response to more than 11,000 pages of medical, scientific and legal evidence of the widespread sickness caused by wireless/microwave radiation, including EHS, the U.S. Court of Appeals for the D.C. Circuit found false the FCC and the FDA claims that microwave radiation (the same microwave radiation reaching children at school) is harmless, and ordered the FCC to explain why they ignored this evidence of harm. Case No. 20-1025.

Despite of being in violation of the Court Order, the FCC continues the massive deployment of powerful and harmful military grade wireless/microwave technologies in schools, the workplace and even homes;

Despite of being in violation of the Court Order, both, the FCC and the FDA continue using Black Propaganda brainwashing and indoctrination to conceal that microwave radiation is maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims; (See pages 82-85, herein)

In violation of the Court Order, both, the FCC and the FDA continue their attempts to conceal that massive medical errors, a massive medical malpractice, and a massive Medicaid and Medicare frauds are aimed to benefit the Wireless, Big Pharma and the Medical Cartels as detailed herein.

+ The diagnosis and treatment of no-evidence doctors for the harm caused by microwave radiation and by other environmental toxicants amounts to a Russian Roulette, see pages 39-50, herein.

In limiting its ruling, the Court in Children's Health Defense et al., described the harm caused by the FCC on millions of children and of other defenseless and unsuspecting victims suffering from Electrohyper-sensitivity EHS, citing a statement on the record:

"That the Telecommunications Act should not be interpreted to injure an identifiable segment of the population, exiled them from their homes and their city, leave them no place where they can survive allowed them no remedy under City, State or Federal law or constitutions."

Children's Health Defense et al., v. The FCC, Case No. 20-1025 page 25.

Interpreting the Telecom Act with authority to injure people suffering from EHS, can meet the definition of genocide. +++

The millions of Americans suffering from EHS and CHS and from other harm caused or aggravated by exposure to radiation or chemicals has rendered the medical practice and the standard of care of doctors without expertise in Environmental Medicine pure quackery as detailed herein.

+++ I am not sharing this evidence for fame, fortune or for any ulterior motive. I am sharing this evidence so parents, grandparents and parents to be can use this evidence to protect their children, their grandchildren and their families and themselves, so help me God.

## HISTORY IS REPEATING AGAIN.

In attempting to justify the maiming and torturing to death of more than 500,000 children, the then U.S. Secretary of State, Madeline Albright said:

"I think this is a very hard choice, but the price ---  
we think the price is worth it."

Evidence on the record has proven the fraud on the Courts to conceal that the same mentality that maimed and tortured to death more than 500,000 children to benefit powerful and corrupt interests is now, again, under fabricated excuses of national security maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims as detailed by the Motion to Recuse 3 Federal Judges + and as detailed herein.

This is the same mentality attempting to conceal how massive medical errors are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims. See pages 66-85, herein.

Evidence on the record has proven that the massive, chronic, and unnecessary exposures to microwave radiation at school are maiming and torturing millions of children to death. 19-38, herein; See also pages 4-20, 27-50 to Appendix B, attached herein.

EVIDENCE ON THE RECORD HAS PROVEN THE FRAUD ON THE COURTS TO  
CONCEAL THAT MILLIONS OF MEDICAL ERRORS ARE IN PROGRESS.

Specific, concrete and undisputed medical, scientific and legal evidence on the record has proven the fraud on the Courts to conceal that millions of medical errors are responsible:

- 1- For the millions of school children visits to the nurse;
- 2- For the more than 1000% increase in the rate of children's sickness;
- 3- For the poor academic performance;
- 4- For the dramatic increase in the number of children suffering from learning and behavioral disabilities;
- 5- For the increase in the number of children collapsing in class;
- 6- For the increase in the number of children committing suicide;
- 7- And for the dramatic increase in the number of children suffering from life-threatening and terminal health conditions, disabilities and illnesses as detailed by the Motion to Recuse 3 Federal Judges, and by the Petition to Impeach 3 Federal Judges posted on the Case Law Section of J. Mendozza at [wirelesswatchblog.org](http://wirelesswatchblog.org)

Links cited on pages 18, 57, herein.

The Wi-Fi microwave radiation reaching children at school is similar to the microwave radiation that has been used and is being used by the military and by intelligence agencies for surveillance and to maim and torture the enemy to death.

Onna Declaration under penalty of perjury to a federal Court, Barrie Trower, a military expert in directed radiation surveillance and weapons, detailed how the same Wi-Fi microwave radiation reaching children at school is similar to the same microwave radiation that has been used and is being used to maim and torture the enemy to death, stating in part:

"In so doing, I learned a list of approximately 30 pulse frequencies that could induce some 50 mental and physical ailments by entrainment." Paragh. 11. +

"When I realized that similar frequencies and powers that were used as weapons during the Cold War were being used as Wi-Fi in schools, I decided to come out of retirement and travel around the world free of charge and explain what the problem is going to be in the future."  
Paragh. 14. + (Emphasis mine)

"The paradox of course is how can microwave radiation be used as a weapon to cause illness and death and at the same time be used as a safe communication instrument.  
Therefore, I fail to see how Wi-Fi can possibly be safe for school children and teachers exposed to it.  
Also, why is there a still an on-going stealth microwave warfare industry, continuing from the 1950's. Paragh. 16. + (Emphasis mine)

## THE EVIDENCE PROVING THE GENOCIDE OF CHILDREN IN PROGRESS.

The thousands of children that died or that are dying of cancer in the Rio Grands Valley are the tip of the Iceberg of the Millions of children that are being maimed and tortured to death by the wireless/microwave radiation at school; by the massive medical malpractice; and by parents apathy, incredulity and blind trust on government as detailed by pages 2 to 64 of the Motion to Recuse 3 Federal Judges posted on the Case Law Documents of J. ### "Two women Stories"

"Ten telephone calls a day would not be unusual for me. I even receive calls Christmas Day // Eastern Sunday. Two calls which summarize those from women are illustrated below. Both are actual calls."

"i. '.....my daughter had just died. I am holding her hand. She just had her 11th birthday and she was number 11 to die since the transmitter for Wi-Fi was put near her and others' desk.....'"

"ii. '.....my child is one of several with cancer / birth genetic problems. These only started after the transmitter was turned on. My worries are two-fold and take every second of my life. Will my child ever marry or find a partner and be happy? What will happen when I die? I know I will die worrying. Regardless of who is to blame, it is me, the Mother who carries guilt and responsibility.....'(20)"

Barrie Trower WiPi Report - Humanity At The Brink (2013) page 11, Court Transcript 2906, Mendoza v. Kilolo Kijakazi, Acting Commissioner of the Social Security, Case No. 7:22-cv-85 (S.D. TX. 2022).

THE EVIDENCE PROVING THE BEGINING OF THE GREATEST AND MOST HORRIFYING ATROCITIES EVER COMMITTED AGAINST MILLIONS OF SCHOOL CHILDREN. TO BENEFIT THE WIRELESS, BIG PHARMA AND THE MEDICAL CARTELS. See pages 66-88 herein.

During the 2011-2012 school year, the McAllen Ind. School District became the first in the country to place into its schools a massive amount of powerful and harmful military grade wireless/microwave transmitters, including more than 25,000 microwave laptops.

Motion to Recuse 3 Federal Judges, page 34, Docket 44, Kijakazi, id.

Three years later, the rate of childhood cancer increased dramatically in the McAllen area. Stripes Takes a Swipe at Cancer, the Monitor Sept. 9, 2014, Docket 44 page 35, Kijakazi, id.

By the year 2016, the McAllen children's cancer clinic reported more than 65,000 outpatient visits. Young Patients Model in Vannie E. Cook Fashion Show, the Monitor Sept. 15, 2016 at La, 6A, Docket 44, id.

By the year 2021, the same clinic reported having made more than 100,000 outpatient visits and having treated over 11,000 children with cancer.

Vannie Cook raises childhood cancer awareness as it marks 20th Anniversary, the Monitor Sept. 23, 2021 at 3A, 4A. Docket 44, id.

According to an organization that provides last wishes to children, many children in this area are suffering from life-threatening and terminal illnesses. Docket 44, page 35, id.

Evidence on the record has proven that the Governor of Texas, Greg Abbott participated with the U.S. Dept. of Education and with U.S. Chief District Judge Randall Crane on the decision to compel parents to medicate the children that became sick by the massive exposures to microwave radiation; on the decision to lower the academic standards; and in the decision to commit fraud on the Courts to conceal these crimes. Docket 44, pages 34, 35.

EVIDENCE ON THE RECORD HAS PROVEN THE FRAUD ON THE COURTS TO CONCEAL THAT MILLIONS OF CHILDREN WITH CANCER ARE BEING MAIMED AND TORTURED TO DEATH BY POWERFUL AND HARMFUL CHEMO AND RADIATION THERAPIES.

A young lady died after Judges forced her to undergo chemotherapy as a teenager.

"She suffered for five years. It was horrific. If you did that to your dog you'd get arrested." Cassandra's parent. (Emphasis mine) Cassandra Callender, forced to undergo chemo, dies. The Monitor, May 15, 2020 6A.

"Conclusive evidence that chemotherapy has any positive influence on survival - 0%" John Robins, Reclaiming Our Health: Exploding the Medical Myth and Embracing the Source of True Healing. (Emphasis mine).

"97 percent of the time chemotherapy does not work. So why is it still used? There's one reason and one reason: money." Dr. Peter Glidden.

"In this example, the pharmaceutical company sells the chemotherapy drugs to the doctor for \$10,000 per shot, then Dr. Mengel marks the price up to the retail price of \$50,000." Charlie Robinson, The Octopus of Global Control (2017).

A ground breaking 14-year study on chemotherapy found the success rate to 5-year survival was about 2.1% in American adults.

The Contribution of Cytotoxic Chemotherapy to 5-Year Survival in Adult Malignancies, Journal of Clinical Oncology, Dec. 2014, Robinson page 416, id.

This evidence proves conclusively that most or all children that undergo chemotherapy are sentenced to be maimed and tortured to death.

THE MILLIONS OF CHILDREN SUFFERING FROM EHS CORROBORATE THE FACT THAT THE USE OF CHEMO AND RADIATION THERAPIES TO TREAT THEIR CANCER AMOUNTS TO MEDICAL PREMEDITATED MURDER.

Under the estimate provided by Dr. Magda Havas to a federal Court, about 50% of school children are suffering symptoms of Electrohyper-sensitivity EHS. Declaration under penalty of perjury, Paraghs. 24 - 37, AHM v. Portland Public Schools, Civil Action No. 3:11-cv-00739-MO (U.S. Dist. Ct. Portland Division, 2011); Court Transc. 2814 - 2818, Kijakazi, id. Excerpts of Declaration, pages 44-46, Appx. B, herein.

Under this estimate, of the thousands of children in this area suffering from cancer, thousands of children are also suffering from EHS.

Then, the use of Chemo and Radiation therapies on these children effectively closes the door on a cure and amounts to massive medical premeditated murder.

"My clinical experience in America when people die from cancer, they are not actually dying from cancer, but instead, they are dying from the medical treatment itself. They are dying from chemotherapy, radiation and surgery. Again: they are not dying from cancer -- they are being killed by the medical doctors and their treatment." Richard Shulze, N.D. M.H. (Emphasis mine)

"Chemotherapy and radiotherapy will make the ancient method of drilling holes in a patient's head to permit the escape of demons relatively advanced. Toxic chemotherapy is an hoax. The doctors who use it are guilty of premeditated murder, and the use of cobalt and other methods of cancer treatment popular today effectively closes the door on a cure." Ernst T. Krebs Jr., American Biochemist. (Emphasis mine)

And everyday, the massive medical premeditated murder continues before indifference, incredulity and blind trust, until it hits close home.

## THE NO EVIDENCE MEDICAL PRACTICE AND NO EVIDENCE STANDARD OF CARE.

There is a dramatic increase of cancer of organs most irradiated by cell phones and specially on the young, including: The brain, the breasts, the testicles, the thyroid, the prostate, the colon and the kidney.

Firstenberg Newsletter Sept. 20, 2023 page 3.

As detailed herein, the medical practice of doctors without expertise in Environmental Medicine is not evidence based. Then, it is not likely that these doctors would warn their patients of the harm caused by exposure to wireless/microwave radiation, and will continue misdiagnosing and mistreating the harm caused by these environmental toxicants.

## EVIDENCE BASED MEDICINE.

"Evidence-based medicine is the conscientious, explicit, and judicious use of current best evidence in making decisions about the care of individual patients. The practice of evidence-based medicine means integrating individual expertise with the best available external clinical evidence from systematic research."

David Sackett, British Medical Journal (1996). (Emphasis mine)

Everyday, millions of no-evidence based doctors rely on faulty and results oriented corrupt research. See pages 80-81 herein.

This is the root cause of the millions of medical errors that every day are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims as detailed herein.

On his book, Hope Never Dies (2017), Rick Shapiro, J.D., describes how most doctors pressured by Big Pharma continue using powerful and harmful one size fits all chemo and radiation therapies to treat cancer, instead of readily available individualized tested, safer and proven life-saving alternatives.

"Current ways of treating people are almost barbaric compared with what this test can do." Robert Fine, M.D., Director of Medical Oncology, The Pancreas Center of Columbia University. (Emphasis mine)

Most doctors prescribe the money-maker CT Scans for their patients, including children.

"Did you know that a single whole-body CT scan often delivers more radiation than was received by Hiroshima survivors a mile from ground zero?" Bob Berman, Zapped (2017) pages 6, 126.

The risk of cancer has increased from 1 in 20 to 1 in less of 3, meaning that most of us, including our children have been, or will be victimized by the massive medical errors detailed herein.

On his book, Customized Cancer Treatment (2010), Ralph Moss, Ph.D., details how to please Big Pharma, most doctors are using barbaric One-Size (Russian Roulette) Fits All cancer treatment instead of individualized tested treatment which can save immense pain and suffering and the lives of millions of people, including children.

Cancer on organs most heavily irradiated by cell phones has increased dramatically including cancer on brain, breast, kidneys, thyroid, prostate testis and colon. The Cellular Task Force Newsletter Sept. 20, 2023.

The leading cause of death in the U.S. is massive medical errors, and the second leading cause of death is heart disease. Symptoms of heart disease include:

Chest pain, shortness of breath, shoulder pain, Nausea, Dizziness, light headness, indigestion, burning sensation, fatigue, and sleeping problems. Women and heart attacks, the Monitor Jan. 19, 2023 at 10B; How cardiac and heart attacks are different; the Monitor Aug. 3, 2023.

These are also symptoms and signs of Electro and Chemical sensitivity, EHS and CHS and of other harm caused by microwave radiation, chemicals and other environmental toxicants. Pages 33-35, herein; pages 9-13 Appx B.

"More than 356,000 people experience an out-of-hospital cardiac arrest each year in the United States, the CDC reports. Without immediate care, 60-80% of them die before making it to the hospital."

"Much more common than cardiac arrest, someone in the U.S. has a heart attack every 40 seconds --- that's about 805,000 people per year."

How cardiac arrest and heart attack are different, the Monitor, Aug. 3, 2023 at 'B.

Scientists are clueless about the dramatic increase of deaths by heart failure. Heart Disease Pushes Up Death Rates, The Wall Street Journal, Dec. 8, 2016 at All, page 75, of Petition to Impeach 3 Federal Judges, id; Court Transc, 906, Kijakazi, id.

THE MASSIVE MEDICAL ERRORS AND MASSIVE MISMEDICATION ARE LEADING TO HEART ATTACKS, STROKES AND AMPUTATIONS TO THE MILLIONS OF CHILDREN THAT HAVE BEEN MISDIAGNOSED WITH DIABETES.

Thousands of children were diagnosed with diabetes after the McAllen and other school district placed into their schools a massive amount of powerful and harmful military grade microwave technologies.

On April 13, 2011, Dr. Samuel Milham, a world-class expert in the harm caused by the radiation at school testified in federal Court in McAllen how patients' blood sugar levels "sky rocketed" when exposed to the same radiation reaching children at school. +

Diabetes, the increased levels of blood sugar levels leads to narrowing of blood vessels in every part of the body and to heart attacks, strokes, renal failure, dialysis, blindness ulcers and amputations.

Is there a connection between diabetes and heart health?, the Monitor Dec. 9, 2021.

Just in this area, "There are more than 3,500 children with diabetes... and many more who are pediabetic." Sweet Run, the McAllen Monitor March 11, 2021 at 1B.

Douglas Mulhall, on his book Discovering the Nature of Longevity (2023) details how doctors refusal to unclog patients' cardiovascular systems of chemicals and heavy metals is causing millions of unnecessary heart attacks, strokes and amputations.

This is just the tip of the iceberg of the harm being caused by massive medical errors on millions of children and on millions of other defenseless and unsuspecting victims as detailed herein.

MILLIONS OF CHILDREN AND OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS ARE BEING MAIMED AND TORTURED TO DEATH WITH POWERFUL AND HARMFUL DIABETES MEDICATION WHEN THEY MAY NOT BE DIABETIC AT ALL.

After the start of the massive deployment of powerful and harmful military grade wireless/microwave technologies in schools, the work place and even homes, the United Health Group Report on Diabetes detailed how (without counting children); "in the United States:

"By 2020, an estimated 52 percent of adult population will have diabetes or prediabetes."

Diabetes Could Swamp Health Care, San Antonio Express News, Dec. 11, 2010 at 1C.

Diabetes that is caused and/or aggravated by exposure to radiation means that:

"Some diabetics may be over-medicating themselves." or that

"People may be diagnosed with diabetes when they are not diabetic at all.

Donna Fisher, Dirty Electricity and Electromagnetic Radiation (2011), page 56. (Emphasis mine)

"In mid 2008, Havas labelled environmental diabetes 'type 3' diabetes. This refers to a diabetic whose blood sugar is also affected by an environmental trigger such as dirty electricity." Fisher, id.

"Other studies have also shown that in an electrically clean environment:"

"Type 1 diabetics require less insulin."

"Type 2 diabetics have lower levels of plasma glucose." Fisher, page 57 id.

However, doctors without expertise in environmental medicine routinely increase the dose of powerful and harmful medication on patients with uncontrolled blood sugar levels. The perfect crime.

Exposure to radiation, including wireless/microwave radiation reaching children at school can cause symptoms and signs that mimic symptoms and signs of Diabetes, including high blood sugar levels, high blood pressure, and symptoms of heart attack and of stroke. Pages 33-35 herein.

Some of the symptoms and signs of Diabetes include:

Frequent Urination; Excessive Thirst; Excessive Hunger; Dry, Itchy Skin; Feelings of Pins and Needles on Skin; Slow Healing Wounds; Weakness; Fatigue; Blurred Vision; and Headaches. What You Need to Know About Diabetes: The Silent Signs, the Monitor Nov. 3, 2020 at 108.

Dr. Milham has described the relationship between the same Dirty Electricity reaching children at school and the epidemic of Obesity and Diabetes. Samuel Milham, M.D., M.P.H., Dirty Electricity and the Epidemics of Obesity and Diabetes (2013).

Dr. Magda Havas has described the relationship between Dirty Electricity, Diabetes, MS and EHS. Magda Havas, Ph.D., Electromagnetic Hypersensitivity: Biological Effects of Dirty Electricity with Emphasis on Diabetes and Multiple Sclerosis. Electromagnetic Biology and Medicine, 25: 4. 259-268, DOI: 10-1080/15366837060044192

This is just the tip of the iceberg of the millions of children that have been sentenced to be maimed and tortured to death by the massive medical errors, and by the massive misedication and mistreatment.

That is the reason why, Mr. Hamdani, the top federal criminal prosecutor in this area, in violation of two Court Orders refused to engage the evidence of these crimes. Dockets 47, 50, 51, 52, Mendoza v. Kilolo Kijakazi, Case No. 7:22-cv-85 (S.D. TX. 2022). See Pages herein. See copies of Court Orders, pages 54, 55, Appx. B herein.

Studies have found lower bone density and dramatic increase of hip and other fractures associated with screen time on children and on adolescents. Firstenberg, Newsletter May 11, 2022 at 1-4.

On the year 2015, the French Parliament passed laws to protect children and people suffering from Electrohypersensitivity EHS, stating in part that:

7. Wireless internet is prohibited in places dedicated to the welcome, rest, and activities of children under 3 years of age."
- 8.. Wireless access for internet in elementary schools must be disabled when not in use for teaching."
9. One year from today, the government shall submit to the Parliament a report on electromagnetic hypersensitivity."

Firstenberg, Newsletter 1/29/15, id.

For years, other countries have been trying to protect their children from the harm caused by microwave radiation. However, evidence on the record has proven the treasonous attempts to conceal the catastrophic, irreversible and deadly harm being caused on our children by exposure to microwave radiation.

Evidence on the record has proven the collusion of the Governor of Texas, Greg Abbott with more than 25 Judges and with more than 7 federal and State agencies on the fraud on the Courts to conceal that massive medical errors are maiming and torturing to death millions of children and of other defenseless and unsuspecting victims and to benefit the Wireless, Big Pharma and the Medical Cartels as detailed herein.

DOCTORS WITHOUT EXPERTISE IN ENVIRONMENTAL MEDICINE ARE IN FLAGRANT VIOLATION OF THE HIPPOCRATIC OATH THAT THEY TAKE TO BE ALLOWED TO PRACTICE MEDICINE AND IN WHICH THEY PROMISE NOT TO HARM PATIENTS.

"Hippocrates himself, who coined the Hippocratic oath that doctors swear to, urged doctors to know the environment that their patients lived in." Gervasio A. Lamas, M.D., Mount Sinai Medical Center. Foreword to Discovering the Nature of Longevity by Douglas Mulhall (2023).

The millions of children and of other defenseless and unsuspecting victims suffering from EHS and CHS, prove the fact that Traditional doctors are in flagrant violation of the Hippocratic oath in which they promised not to harm their patients and to know the environment in which their patients live in. It is estimated that more than half of the U.S. population (More than 160 million people) are suffering from EHS and CHS, See pages 5,12,13,17-27 to Appendix A, attached herein.

See Paragraphs 24-27, of Dr. Magda Havas Declaration to a federal Court, pages 45,46 to Appendix B, attached herein, See page 24a, herein.

EVIDENCE ON THE RECORD HAS PROVEN THAT MOST OF THE CATASTROPHIC, IRREVERSIBLE AND DEADLY ILLNESSES AND DISABILITIES ARE CAUSED BY EXPOSURE TO MICROWAVE RADIATION AND BY OTHER ENVIRONMENTAL TOXICANTS.

According to doctors with expertise in Environmental Medicine, more than 80% of all illnesses are caused or aggravated by exposure to electromagnetic radiation. Court Transc. 881, Kijakazi, id. *Olga Shukan pg 36 herein*

On his book, *Dirty Electricity* (2010), Samuel Milham, M.D., M.P.H., a world-class expert on the harm caused by radiation at school details his discovery of how most of the twentieth-century diseases, including cancer, cardiovascular disease, diabetes and suicide are caused by exposure to radiation and warned that the massive and unrestricted deployment of wireless technologies was bound to cause a dramatic increase in illness and mortality. U.S. Chief Judge, Ricardo H. Hinojosa et al., Docket 1, Exhibit 9 page 5.

This explains why the Insurance Cartels are not covering the harm caused by wireless/microwave radiation; and why the Wireless Cartels are warning their investors that they do not have the means to pay for the harm caused by their wireless devices once the people become aware of the harm caused by their products.

DOCTORS WITHOUT EXPERTISE IN ENVIRONMENTAL MEDICINE ARE IN THE DARK OR IN DENIAL THAT THE HUMAN BODY IS AN ELECTROCHEMICAL INSTRUMENT OF DELICATE HYPERSENSITIVITY TO ELECTROCHEMICAL ENVIRONMENTAL AGGRESSIONS.

"The human body is an electrochemical instrument of exquisite sensitivity whose orderly functioning and control are underpinned by oscillatory electrical processes of various kinds, each characterized by a specific frequency, some of which happen to be close to those used in GSM." +

"Thus some endogenous biological electrical activities can be interfered with via oscillatory aspects of the incoming radiation, in much the same way as can the reception on a radio."

DOCTORS' REFUSAL TO GET TRAINING IN ENVIRONMENTAL MEDICINE IS CAUSING MILLIONS OF MEDICAL ERRORS ON MILLIONS OF CHILDREN AND ON MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS.

The millions of people suffering from Electro and Chemical Sensitivity (EHS and CHS), have proven as a matter of fact:

- 1- That most doctors are in the dark or in denial that the brain, the heart and other vital organs are Electro/Chemical Instruments that are being injured by exposure to microwave radiation and by exposure to other chemicals and fumes found on the environment;
- 2- That most doctors are in the dark or in denial that exposure to radiation and chemicals and fumes on the environment are the root cause of most illnesses, including catastrophic, irreversible and deadly illnesses;
- 3- And EHS and CHS have proven as a matter of fact that most doctors are in the dark or in denial of the root cause of the dramatic increase in the number of illnesses, including:

**THE ROOT CAUSE OF MASSIVE MEDICAL ERRORS:**

DOCTORS WITHOUT EXPERTISE IN ENVIRONMENTAL MEDICINE ARE IN THE DARK OR IN DENIAL OF THE TESTING AND OTHER PROCEDURES TO DIAGNOSE AND TREAT THE HARM CAUSED BY MICROWAVE RADIATION AND BY OTHER ENVIRONMENTAL TOXICANTS.

Dr. William J. Rea, a world-class expert in Environmental Medicine, and founder of the Environmental Health Center-Dallas, denounced the massive catastrophic, disabling and deadly medical errors stating in part:

"Errors in diagnosis and treatment of diseases are common in physicians ignoring the principles of environmental medicine. They should be aware that various tests developed since the early 1980s 'take the guess work out of the diagnosis of chemical and electromagnetic hypersensitivity,'"

THE MILLIONS OF PEOPLE SUFFERING FROM ELECTROHYPERSENSITIVITY AND FROM CHEMICAL HYPERSENSITIVITY EXPOSE IN BRIGHT DAY LIGHT AND IN PLAIN SIGHT DOCTORS' MOST CLOSELY GUARDED CRIMINAL SECRETS. +

Some of the most closely guarded secrets of doctors without expertise in Environmental Medicine include:

- 1- That in more than 70% of cases, they are unable to diagnose the root cause of their patients' symptoms, signs and illnesses;
- 2- That in most cases, their diagnosis, medication and other treatment of their patients' symptoms, signs and illnesses are based on probabilities, on trial and error and even on wild guesses, essentially like a game of chance or like a deadly Russian Roulette.
- 3- And that these doctors are misdiagnosing and mistreating the harm caused by environmental radiation and chemicals with harmful chemicals and radiation, including powerful drugs, highly addictive and deadly painkillers, and debilitating and deadly Chemo and Radiation Therapies effectively foreclosing the possibility of a cure on millions of children and on millions of other defenseless and unsuspecting victims as detailed herein.

On his book, Incurable Me (2016), Dr. K.P. Stoller details the reason traditional doctors do not try to find the root cause of illness: "Because there is no money on the cure." See page 566, herein. (Emphasis mine)

There is no money in prescribing avoidance of unnecessary exposures to harmful wireless/microwave radiation and to chemicals and fumes, and such prescription could expose the harm being caused by the Wireless, Big pharma and by the Medical Cartels on millions of children and on millions of other defenseless and unsuspecting victims as detailed herein.

## THE ROOT CAUSE OF DOCTORS MASSIVE MEDICAL ERRORS:

In more than 70% of cases, doctors without expertise in Environmental Medicine are unable to diagnose and treat the root cause of their patients' symptoms, signs and illnesses. ††

"Many common medical symptoms cannot be objectively verified including fatigue, dizziness, or nausea." "Similarly ... many well-recognized disorders lack objective diagnostic tests ... including migraine, headache, and epilepsy." Michael Finch, Law and the Problem of Pain, 74 U.Cin.L. Rev. 285, 291 (2005); Court Transcript 3499 to Mendoza v. Kijakazi, Case No. 7:22-cv-85 (S.D. TX. 2022).

(These symptoms, signs and disorders are also some of the symptoms, signs of EHS and CHS and of other disorders caused by environmental radiation and by chemicals and fumes).

"Symptoms and especially those without a clear underlying medical explanation, account for a large percentage of clinical encounters."

David L. Eaton, Scientific Judgment and Toxic Torts - A Primer in Toxicology for Judges and Lawyers, 12 J.L. & Policy 5, 12 (2003).

"('Chest pain, difficulty in breathing, muscle and skeletal pain, dizziness, constipation, abdominal upset, insomnia, fatigue, these symptoms are the bread and butter of daily practice of medicine. Yet in as many as three-quarters of all cases, doctors can find no disease process to explain their presence.')

Lois B. Morris, Mind and Body: She Feels Sick. The Doctors Can't Find Anything Wrong. N.Y. Times, June 24, 2001 at WH4.

(These are all symptoms and signs of EHS and of CHS and of other harm caused by environmental radiation and chemicals/fumes.)

†† On his book An End to Upside Down Medicine (2023), Mark Gover describes how doctors that refuse to diagnose and treat the root cause of illnesses have broken the "Medical Industrial Complex" beyond or almost beyond repair.

THE DIAGNOSIS, MEDICATION AND OTHER TREATMENT OF DOCTORS WITHOUT EXPERTISE IN ENVIRONMENTAL MEDICINE AMOUNTS TO A RUSSIAN ROULETTE.

In detailing how doctors' diagnosis, treatment and medication are not based on a precise science, but based on probabilities, on trial and error and even wild guesses, essentially a "process of elimination" U.S. District Judge, Timothy S. Hillman wrote in part:

"A diagnosis is a medical hypothesis as to what might be the cause of a complaint: a hypothesis to be tested by therapy or empiric observation of the patient's progress, but not establishing a certainty, or even necessarily a likelihood." +

G.V. Fay School Inc., Civil Action No. 4:15-CV-40116-TSH (MA. 2017).

+ (Emphasis mine)

However, failing to consider a major possibility of harm on the process of "elimination" renders the diagnosis, treatment and medication inherently invalid, dangerous and harmful. See *Milward v. Rust Oleum Corp Corp.*, 830 F.3d 469-476 (1st Cir. 2016). (Essentially, a medical assault)

The fact that millions of children and of other defenseless and unsuspecting victims are suffering symptoms and signs of EHS and CHS and of other painful, debilitating and deadly illnesses and disabilities caused and aggravated by radiation and chemicals commonly found on the environment is a major possibility of harm.

(It is estimated that <sup>out every</sup> 1 of two Americans are suffering symptoms and signs of EHS and CHS).

THE FACT THAT TRADITIONAL DOCTORS ARE IN THE DARK OR IN DENIAL THAT EVERY CELL ON THE HUMAN BODY DEPENDS ON ELECTRICITY AND CHEMICALS HAS LIMITED THEIR UNDERSTANDING OF THE BRAIN, THE HEART AND OF OTHER ORGANS.

Despite that disruption of the electrical impulses by exposure to microwave radiation can cause shortness of breathe, can cause blood clots; which in turn can cause can cause heart attacks and strokes; +

Despite that 1 in 3 children in the U.S. are suffering from food allergies, which can be caused by Electro/Chemical toxicants on the air, most doctors are in the dark or in denial of the root cause of these illnesses.

"Many doctors believe food allergies are still a mystery." 1 in 3 children have food allergy, researchers are still trying to figure that out, the Monitor RGV Medical Resource Guide Nov. 2019.

Book Review.

On his book, *Incurable Me* (2016), K.P. Stoller, M.D., details how traditional/conventional medicine is a deadly trap even for the brightest minds; how the refusal of these doctors to diagnose and treat the root cause of their patients' symptoms, signs and illnesses is the root cause of massive medical errors; and how these massive errors are causing catastrophic, irreversible and deadly harm and disabilities to millions of children and to millions of other defenseless and unsuspecting victims.

In detailing how Traditional/Conventional Medicine is not based on scientific evidence but on profit, Dr. Stoller states:

**"WHY THE BEST MEDICAL RESEARCH DOES NOT MAKE IT INTO CLINICAL PRACTICE?"**

**"Because There's No Money in the Cure"**

Dr. Stoller details how the federal agencies in charge of protecting the people's health are attempting to conceal that the massive medical errors and the massive corruption on the health industry has placed our country on the brink of self-destruction.

On the book, *Unsafe At Any Meal* (2017), Dr. Renee Joy Dufault details with medical and scientific evidence how the federal agencies in charge of protecting the people's health are attempting to conceal that the massive increase of Arsenic, Lead, Mercury and other toxicants on the water that we drink, on the food that we eat and on the air that we breathe are responsible for the massive increase of catastrophic, irreversible and deadly illnesses on millions of children and on millions of other defenseless and unsuspecting victims, to protect powerful polluting interests. +

Book review.

On his book, *The Hidden Causes of Heart Attacks and of Strokes* (2007), Christian Wilde details how brilliant and experienced Traditional doctors are in the dark of the root cause of the dramatic increase of heart attacks and of strokes, including silent and unperceived strokes.

Silent strokes occur in parts of the brain where symptoms are not immediately recognized, and the cumulative damage over time shows up in a patient's memory loss, mood changes and difficulty of mobility, all signs of old age, according to Dr. Magen C. Leary. Wilde, page 147.

These symptoms and signs are also symptoms and signs of the harm caused by exposure to radiation and by chemicals common found on the environment. See pages 34, 35 *herein*.

"According to the findings, 11 million people are experiencing silent strokes annually in addition to the 750,000 who have experienced strokes with all the classic identifiable results." Wilde, id. (Emphasis in original).

"Every 33 seconds, some one will suffer a heart attack and fifty percent of those victims will not have had prior warning to the attack." Wilde, page 147, id. (Emphasis in original)

According to Dr. Karol Watson, every year more than one million Americans will have a heart attack and about 370,000 will die of the heart attack, 250,000 within an hour of the heart attack. Foreword to Wilde, id.

Wilde details how the White Coat Fiber, the false belief that traditional doctors know what they are doing intimidates patients from asking doctors critical and life-saving questions. id.

Book Review.

On their book, *Pained* (2020), Dr. Michael D. Stein and Dr. Sandro Galea detail how most doctors are confounding the injuries to organs, including vital organs as the root cause of illnesses without taking into account that these injuries could have been caused and aggravated by environmental toxicants; how these medical errors are injuring millions of Americans; and how these massive medical errors are bringing the United States to the brink of self destruction, stating in part:

"That is what makes root cause so powerful; they escape ready treatment and underlie a multiplicity of presentations."

On their book, *Plague of Corruption* (2020), Dr. Judy Mikovits & Kent Heckenlively, J.D., details how Dr. Mikovits became victim of vicious and horrendous retaliation by Hate Group Bullying, by police and even by federal law enforcement and investigative agencies after she denounced how the Medical and Big Pharma Cartels are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims.

"A truly shocking set of revelations about the deep corruption and criminality of the medical industrial complex. Exposes the scientific fraud and brazen intellectual dishonesty that now characterizes the pharmaceutical cartels that sacrifice human health for corporate profits."  
--Mike Adams, the 'Health Ranger' and publisher of *Science.news*, id.

"Dr. Judy Mikovits' story shows that stubborn orthodoxies anointed by pharmaceutical companies and corrupt government regulators to protect power and profits remain a dominant force in science and politics."

Robert F. Kennedy Jr., Foreword to *Plague of Corruption*, id.

Evidence on the record has proven the collusion of the Governor of Texas, Greg Abbott with more than 25 Judges, and with the U.S. Dept. of Education, the U.S. Dept. of Justice, the Federal Communications Commission, the Food and Drug Administration, and with the Commissioner of the Social Security and others to conceal that massive medical errors are maiming and torturing to death millions of children and of other defenseless and unsuspecting victims to benefit the Wireless, Big Pharma and the Medical Cartels as detailed herein.

"We have a multi-billion industry that is killing people right and left, just for forfinancial gain. Their idea of research is to see whether two doses of this poison is better than three doses of this poison."

Glen Warner, M.D., Oncologist.

On his book PHARMA (2020), Gerald Posner details with facts the organized criminality of Big Pharma and the Medical Cartels to profit from the immense pain and suffering and from the catastrophic, irreversible and deadly harm that they are causing on millions of children and on millions of other defenseless and unsuspecting victims.

"The main reason we take so many drugs is that drug companies don't sell drugs, they sell lies about drugs."

"The reason patients trust their medicine is that they extrapolate the trust they have in their doctors into the medicine they prescribe."

Peter C. Gotzsche, M.D., Danish Medical researcher and leader of the Nordic Cochrane Center at Rigs Hospital Copenhagen, Denmark.

Parents confidence and trust on doctors without expertise in Environmental medicine is grossly misplaced, as detailed herein.

"While our society has accepted cancer as an inevitable part of modern life, pharmaceutical companies are laughing their way to the bank."

Amy Goodrich.

The millions of Americans suffering from EHS and CHS and from other harm caused or aggravated by exposure to environmental toxicants, has made of the medical practice and the standard of care of doctors without expertise in Environmental Medicine pure quackery as detailed herein.

PARENTS THAT BELIEVE THAT DOCTORS ARE ANXIOUSLY WAITING TO SEE, DIAGNOSE AND TREAT THEIR CHILDREN, ARE DEAD WRONG.

More than 10 years ago, Dr. Magda Havas warned that:

"with 5 billion mobile phone users worldwide, 'if we don't react in a timely fashion to these 'early warnings' we will face a human health tsunami.'" (Emphasis mine).

Lynn McLean, The Force, Living Safely in a World of Electromagnetic Pollution (2011) page 320.

Most doctors did not react in timely fashion to get training on the harm caused by wireless/microwave radiation and by other environmental toxicants, ignored the early warnings, and the human health tsunami is here causing havoc on the medical care system.

The human health tsunami is overwhelming doctors with depression, burn out and suicide.

"Doctors and nurses commit suicide at higher rates than in almost any other profession. Higher levels of burnout are also associated with more medical errors and compromising patient safety." Dr. Danielle Ofri,

The Obama "Affordable Care Program" was designed to make the people pay for the massive healthcare expenses caused by the massive deployment of powerful, harmful military grade wireless/microwave radiation technologies in schools, the workplace and even homes.

This fraudulent scheme led to the massive medical errors that are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims, since most doctors are in the dark or in denial of the harm caused by radiation.

In essence, Obama's program is compelling the people to pay doctors to maim and torture them to death with massive misdiagnosis, massive deadly painkillers and massive deadly Chemo and Radiation therapies.

More than one third of children were uninsured before the pandemic.

See pages 14-28 to Appendix B, attached herein.

Some of these attempts includes unloading the children that have been injured or disabled by microwaves and by medical errors on private schools, where they have no protections under the Americans with Disabilities Act or the Rehabilitation Act.

On the year 2019, U.S. Representative Rosa DeLauro denounced the attempts of the U.S. Dept. of Education to use children's low grades as and excuse to unload them to private schools, stating:

"Rather than 'exploiting' the results of the test to 'spread lies' and promote her privatization agenda, Secretary DeVos should join House Democrats and families across our nation by supporting increased investment in our public education system."

EVIDENCE PROVING THE FRAUD ON THE COURTS TO CONCEAL THE MOST HORRIFYING ATROCITIES EVER COMMITTED AGAINST MILLIONS OF SCHOOL CHILDREN.

Specific, concrete and undisputed medical, scientific and legal evidence on the record of federal and State Courts has proven the collusion of Greg Abbott and the U.S. Dept. of Education with members of the Judiciary on the fraud on the Courts to conceal that they participated on the decision:

- 1- To make the McAllen Ind. School District and other school districts in the Rio Grande Valley, the first to place into their schools a massive amount of powerful and harmful military grade microwave technologies;
- 2- On the decision to compel parents to miseducate children that became sick by the massive exposures to microwave radiation at school;
- 3- On the decision to conceal the dramatic increase of children suffering from learning and behavioral disabilities, and from terminal illnesses;
- 4- On the decision to lower the academic standards to conceal the harm caused on children's brains and bodies by the microwave radiation at school;
- 5- On the decision to conceal the dramatic increase of children collapsing in class and committing suicide;
- 6- On the decision to conceal that massive medical errors, a massive medical malpractice and a massive Medicaid and Medicare frauds are masking the harm caused on children by the microwave radiation at school;
- 7- And on the decision to conceal that under fabricated excuses of national security, the future of our children and the future of our national security are being sold to the Wireless, to Big Pharma and to the Medical Cartels as detailed herein, and by the Motion to Recuse 3 Federal Judges and by the Petition to Impeach 3 Federal Judges cited on pages 17, 57, herein.

GREG ABBOTT IS MAKING PARENTS PAY FOR THE CATASTROPHIC, DISABLING AND DEADLY HARM CAUSED ON MILLIONS OF CHILDREN BY MASSIVE MEDICAL ERRORS.

The evidence detailed herein answers this question.

EVIDENCE ON THE RECORD HAS PROVEN THAT MORE THAN 25 JUDGES COMMITTED FRAUD ON THEIR COURTS TO CONCEAL THE MOST HORRIFYING ATROCITIES EVER COMMITTED AGAINST MILLIONS OF CHILDREN AND AGAINST MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS.

Evidence on the record of federal and State Courts has proven as a matter of fact and as a matter of law the collusion of the governor of Texas, Greg Abbott, the U.S. Dept. of Education and the Commissioner of the Social Security with more than 25 Judges on the fraud on their Courts to conceal the most horrifying atrocities ever committed against the American people.

+

Some of these atrocities include the fraud on the Courts to conceal the catastrophic, irreversible and deadly harm being caused by massive medical errors and by massive medical malpractice and Medicaid and Medicare frauds on millions of children and on millions of other defenseless and unsuspecting victims.

Some of these Judges include U.S. District Judge Ricardo H. Hinojosa, U.S. District Judge, Micaela Alvarez and U.S. District Chief Judge, Randall Crane as detailed by the Motion to Recuse 3 Federal Judges and by the Petition to Impeach 3 Federal Judges cited herein on pages 18, 57 herein.

In response to a lawsuit against them and others, Judge Hinojosa and U.S. Magistrate Judge, Peter E. Ormsby signed Orders of Recusal admitting with their signature their irrational and criminal cruelty against children and the disabled and corroborating with their signature their collusion with Greg Abbott, the U.S. Dept. of Education, with the Commissioner and with more than 25 Judges and others on the fraud on the Courts to conceal the atrocities detailed herein. See copies of Recusal Orders, pages 58, 59 to Appendix B, attached herein.

+ Other atrocities includes the attempts to conceal that FBI Hate Group Bullying is provoking mass shootings and other terrorism as detailed on page 75 herein.

Evidence on the Court record has proven Abbot's attempts to conceal with murder that massive medical errors are maiming and torturing to death millions of children and of other defenseless and unsuspecting victims.

On the year 2016, the Texas Attorney General, Ken Paxton attempted to enforce by incarceration child support Orders, knowing that the support Orders were fraudulent and knowing that because my life-threatening Electrohypersensitivity EHS, and Chemical Hypersensitivity CHS, incarceration is for me a death sentence.

On a hearing in which I was allowed to appear by phone, my Court appointed attorney read to the Court my doctors letter detailing how because me life-threatening EHS and CHS, incarceration is for me a death sentence. In response, Paxton withdrew his motion to place me in jail recognizing the legitimacy and seriousness of my EHS and CHS. However, Paxton resumed his attempts to enforce by incarceration the fraudulent support Orders, effectively placing me in death row for 3 years.

On the year 2019, and by default to two counter lawsuits, Paxton admitted that he attempted to enforce by incarceration fraudulent support Orders to conceal with my murder the collusion of Greg Abbott and the U.S. Dept. of Education with U.S. District Chief Judge, Ricardo H. Hinojosa, with U.S. District Judge, Micaela Alvarez and with the now U.S. District Chief Judge, Randall Crane and others on the fraud on the Courts to conceal that massive medical errors, a massive medical malpractice and massive Medicaid and Medicare frauds are masking the harm being caused on millions of children and of other defenseless and unsuspecting victims.

See Petition to Impeach 3 Federal Judges submitted to the U.S House of Representatives on page 57, herein.

+ By exposure to wireless/microwave radiation.

EVIDENCE ON THE FEDERAL RECORD HAS CORROBORATED THE COLLUSION OF U.S. DISTRICT CHIEF JUDGE, RANDALL CRANE WITH FEDERAL AGENCIES TO CONCEAL THE HARM CAUSED BY MEDICAL ERRORS ON MILLIONS OF CHILDREN AND ON MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS.

On the year 2021, I filed a federal lawsuit to compel the Commissioner of the Social Security to grant my applications for disability benefits based on the fact that I have been home bound for more than 10 years with life-threatening EHS and CHS. *Mendoza v. Kijakazi*, id.

See Statement of Physical Disabilities, Pages 1-13 to Appendix A, attached herein.

The lawsuit includes evidence proving that despite that the Commissioner recognized that my EHS and CHS are physical disabilities as a matter of fact and as a matter of law, the Commissioner denied my disability benefits are retaliation for denouncing the collusion of the Commissioner with Greg Abbott, the U.S. Dept. of Education, and with Judge Hinojosa, Judge Alvarez and Judge Crane and others on the fraud on the Courts to conceal the harm caused by massive medical errors on millions of children and of other defenseless and unsuspecting victims. The case was assigned to Judge Crane, who in turn refused to recuse himself. Motion to Recuse 3 Federal Judges, Docket 44, *Kijakazi*, id.

In response to the lawsuit, a U.S. Magistrate Judge ordered the Commissioner to engage the evidence of my claims. The U.S. Attorney, Mr. Alamdar S. Hamdani, the top criminal prosecutor in this area who represented the Commissioner in Court, twice, in violation of two Court Orders, Mr. Hamdani refused to engage the evidence of my claims.

Dockets 47, 50, 51, 52, *Kijakazi*, id.

See copies of Court Orders, pages 56, 57, Appendix B, attached herein.

During the litigation against the Commissioner, in two Court Orders, Judge Crane admitted to the legitimacy and seriousness of my life-threatening EHS and CHS.

See Judge Crane Orders granting my Motions for Extensions of Time to submit Court documents which included medical and other evidence of my life-threatening EHS and CHS, pages 56, 57, to Appendix B, attached herein.

Without engaging the evidence of my claims, without a hearing and in retaliation for denouncing his collusion on crimes against millions of children and of other defenseless and unsuspecting victims, Judge Crane did not allow the lawsuit to proceed. Kijakazi, id.

A memo produced in response to a FIA request details the collusion of the U.S. Dept. of Justice with the U.S. Dept. of Housing and Urban Development and other federal agencies to conceal the millions of people suffering from EHS, and to conceal the catastrophic, irreversibel and deadly harm being caused by massive medical errors on millions of children and on millions of other defensless and unsuspecting victims.

See copy of HUD Memo, pages 51, 52, to Appendix B, attached herein.

This is the reason why, Mr. Hamdani, in violation of two Court Orders, refused to engage the evidence of my claims. See pages 56, 57 to Appx B id.

See Complaint of Disability Discrimination to the U.S. Dept. of Justice Civil Rights Division against HUD and the DOJ, posted as Parents Alert March 2024 on the Case Law Section of J. EVIDENCE ON THE RECORD HAS PROVEN THE MALICIOUS ATTEMPTS OF THE COMMISSIONER OF THE SOCIAL SECURITY TO CONCEAL THAT THE MASSIVE MEDICAL ERRORS ARE RESPONSIBLE FOR THE MASSIVE INCREASE OF DISABLED PEOPLE.

"According to the CDC, 61 million Americans adults are living with a disability, but only around 2.5 million apply for disability benefits."

Frank Griffin, Implicit Disability Bias Disentangled by Zombie Factors in Social Security Disability Determinations, 21 Nev. L.J. 161 (2020) N. 75.

However, the massive medical errors has created a tsunami of millions of children and adults applying for disability benefits.

See pages 2, 3, 29-37, to Appendix B, herein.

To conceal that massive medical errors are causing millions of disabilities and to deny millions of applicants for disability benefits, the Commissioner repealed the Treating Physician Rule that required that the opinion of the treating physician be given controlling weight which allows the Commissioner to use the opinion of government paid doctors which makes impossible for applicants to prove that they are disabled.

See Charles Terranova, Somebody Call My Doctor: Repeal of the Treating Physicians Rule in Social Security Disability Adjudication, 68 Buffalo L. R. 931 (2020).

Evidence on the record has proven the collusion of Greg Abbott, the U.S. Dept. of Education and the Commissioner with members of the Judiciary to conceal the crimes being committed by massive medical errors on millions of children and on millions of other defenseless and unsuspecting victims as detailed herein.

This explains why, U.S. Attorney Mr. Alamdar S. Hamdani, in violation of 2 Court Orders refused to engage the evidence proving the fraud on the Courts to conceal the millions of children and of other defenseless and unsuspecting victims suffering from EHS.

GREG ABBOTT: THE ROOT CAUSE OF DEATH THREATS, MASS SHOOTINGS AND OTHER ACTS OF DOMESTIC TERRORISM

Evidence on the record has proven the collusion of Greg Abbott and the Director of the Texas Rangers, Steven McCraw with federal and state prosecutors and members of the Judiciary on the attempts to conceal that FBI Hate Group Bullying, which includes school officials, teachers and students are provoking children, the mentally disabled and others to make death threats, and to commit mass shootings and other terrorism to justify under the fabricated excuses of national security, the massive deployment of powerful and harmful military grade directed radiation surveillance in schools, the work-place and even in homes and to benefit the Wireless, Big Pharma and the Medical Cartels.

On April of last year, I submitted to the U.S. Attorney, Mr. Alamdar S. Hamdani a Complaint of Domestic Terrorism against Greg Abbott and Mr. McCraw and others for their attempts to conceal that FBI Hate Group Bullying is provoking tragedies in schools and in other places. Id.

I requested Mr. Hamdani to investigate and prosecute the bullies provoking death threats, mass shootings and high-speed road accidents on the ground that his intervention can stop and prevent these acts of terrorism. On a letter dated April 14, 2023, Mr. Hamdani claimed referring my Complaint to the FBI in San Antonio and to the Special Prosecutions Division in Austin. See copy of letter, page 53 Appx B, id.

Mr. Hamdani has a duty to explain to Congress his refusal to intervene and to stop and prevent these ongoing acts of domestic terrorism.

THE TRILLION DOLLAR SATELLITE THROUGH-WALL, THROUGH BODY AND THROUGH  
BRAIN DIRECTED AI RADIATION SURVEILLANCE USED IN SCHOOLS.

AI Directed Radiation Surveillance bounces powerful and harmful micro-waves and other radiation from the children's faces, brains and bodies to monitor and record children's every move and to evaluate with facial recognition and other remote directed radiation technologies children's vital and other signs and to determine whether the child represents a potential threat to herself or to others so she could be confined, medicated and even institutionalized.

See Maya Weinstein, School Surveillance: The Students' Rights Indication of Artificial Intelligence as K-12 Public Schools Security, 98 N.C.L. Rev. 438 (2020).

Motion to Recuse 3 Federal Judges, page 8, id.

However, AI Directed Radiation Surveillance is not programed to account for the harm caused on children's brains by exposure to the radiation at school plus exposure to <sup>h</sup>undreds of microwave cameras which includes anxiety, mood swings, aggressivness, depression, suicidal tendencies and other self-destructive behavior which can be further aggravated by medication, confinement and institutionalization. This has been another of Greg Abbot's perfect crimes against millions of children.

An expert in radiation surveillance and radiation warfare testified under penalty of perjury to a federal Court how the same microwave radiation reaching children at school has been used for more than 50 years to manipulate feelings, emotions and decision making and to maim and torture the enemy to death.

THE PROVOKATION OF DEATH THREATS, MASS SHOOTINGS AND OTHER TERRORISM HAS BEEN TO ENRICH WITH TRILLIONS OF DOLLARS THE WIRELESS, BIG PHARMA AND THE MEDICAL CARTELS.

Abbott shifted \$400 million to up-grade electronic "safety" surveillance in schools. Panic buttons and locked doors could be required in schools, the Monitor Nov. 4, 2022 at 1A,9A.

"The state currently gives schools about \$10 per student for safety."

"...that would increase to about \$100 per student plus additional funds per campus."

State lawmakers advance bills for more armed school staff, the Monitor April 26, 2023 at 5A.

Abbott announces \$105.5 million to bolster school safety technology, mental health telemedicine, the Monitor July 1, 2022 at 1A,9A.

Most of the 8,000 school campuses in Texas are more than 50 years old, and the massive operation of surveillance devices is bound to overload further the aging electrical systems creating fire hazards and massive levels of microwave, EMF and Dirty Electricity.

In preparation to the catastrophic, irreversible and deadly harm bound to be caused by this radiation on millions of children's brains and bodies, Abbott has already in place remote telemedicine psychiatric evaluations, prescriptions and other treatments.

A New Year for Mental Health, the Monitor Jan. 10, 2022 at 8A.

The nail on millions of children's coffins is Abbott's bill to protect Big Pharma from the massive medical errors.

Texas bill could protect wrongdoers like Big Pharma, oil companies from county lawsuits, the Monitor March 19, 2023 at 7A.

THE WIRELESS, BIG PHARMA AND THE MEDICAL CARTELS TOOK ADVANTAGE OF THE MASSIVE CORRUPTION IN THE STATE OF TEXAS AND IN THE RIO GRANDE VALLEY.

It is not an accident that the Rio Grande Valley schools were selected to place into their schools a massive amount of powerful and harmful military grade wireless/microwave technologies.

It is estimated that more than 60% of parents are new comers from Mexico and do not understand English, and they are less likely to protest school officials mistreatment of their children.

According to the Governor of Texas, Greg Abbott, without excluding himself, the corruption in this area mimics the corruption of third world countries.

On the year 1999, 98 Judges and attorneys in this area were indicted for bribery and other federal felonies. Motion to Impeach 3 Federal Judges, page 41, Docket 44, Kijakazi, id. +

On the year 2019, an attorney testified in federal Court in McAllen, how for decades, the Judiciary in this area has replaced the rule of law for "The Valley Law", meaning cash for Court rulings, Judgements, bonds, dismissals, appeals etc. Delgado gets 5 years, the Monitor Sept. 26, 2019 at 1A.

+ On the years 2003-2004, an FBI agent shared that the indictments were to be left pending for intimidation, blackmail and extortion of the Judges that opposed the agendas of federal agents.

FOR DECADES, THE CORRUPTION OF SCIENTIFIC RESEARCH HAS BEEN AIMED TO CONCEAL THE MASSIVE HARM CAUSED BY THE MASSIVE MEDICAL ERRORS.

On March 2014, the director of the US Research and Integrity, David Wright quit his job denouncing pervasive scientific misconduct in biomedical research at the CDC and at other health federal agencies.

K.P. Stoller, *Incurable Me* (2016), id.

In detailing the pervasive corruption of scientific research a federal report found:

"Every President over the two past decades has, to some degree, undermined research and injected politics into science..."

Task Force on Democracy Sees Trump Has Pushed Scientist to Crisis Point, NY Times Oct. 4, 2019 at A22.

"Now, we are at a crisis point, with almost weekly violations of previously respected safeguards." id.

"For the public to lose faith in that process will call into question everything that has been done to make our drugs and food safe and our environment healthier." id.

The report details persecution and retaliation against scientists that denounce corruption in federal agencies, and warns that without Congressional intervention, the integrity of scientific research will continue to be eroded. id.

Congress can intervene to stop and prevent the atrocities being committed by the Medical Industrial Complex on millions of children and on millions of other defenseless and unsuspecting victims.

Experts Greg Douquet and Peter L. Levin warn that we have closed the border to shared knowledge and diluted educational achievement, and that this in turn has caused the United States lagging in science and engineering and falling behind in every major measure which is severely hurting our economy and our global political influence. U.S. Lagging in science. Here's how we can catch up, the Monitor Dec. 20, 2020 at 8A.

**EVIDENCE PROVING THE ATTEMPTS TO CONCEAL THE MOST HORRIFYING, CORRUPT AND TREASONOUS ATROCITIES EVER COMMITTED AGAINST MILLIONS OF CHILDREN AND AGAINST MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS.**

Evidence on Courts' records has proven the collusion of the governor of Texas, Greg Abbott with more than 25 Judges, and with the U.S. Dept. of Education, the U.S. Dept. of Justice, the Federal Communications Commission, the Food and Drug Administration, and with the Commissioner of the Social Security and others to conceal that massive medical errors are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims to benefit the Wireless, Big Pharma and the Medical Cartels as detailed by the Motion to Recuse 3 Federal Judges; by the Petition to Impeach 3 Federal Judges and as detailed herein.

WHY PARENTS ARE NOT AWARE THAT MASSIVE MEDICAL ERRORS ARE MAIMING AND TORTURING TO DEATH MILLIONS OF CHILDREN AND MILLIONS OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS? BECAUSE OF DECADES OF BLACK PROPAGANDA.

"Censorship is the desperate rear-guard action of a movement that has already lost the fight for hearts and minds."

NY Times Editorial, Sept. 15, 2022.

According to government and law professors, for more than 50 years, the Main Stream Media has been using covert Black Propaganda to brain-wash and indoctrinate the people to reject facts, logic and reason and to make decisions, even decisions of life and death based on the world of fantasy, deception and delusion created by the Psychological Warfare.

"The great masses of people will more easily fall victims to a big lie than to a small one." Adolph Hitler.

Black Propaganda is the big lie.

According to these experts, even the sophisticated may not realize that they are victims of Black Propaganda brain washing and indoctrination for their own destruction. As detailed by the evidence cited herein, Black Propaganda has led the people into incredulity to conceal the atrocities being committed by the Wireless, Big Pharma and the Medical Cartels.

In explaining the CIA covert Black Propaganda programs to brain wash and indoctrinate the people into incredulity, CIA Directors stated in part:

"The CIA owns everyone of any significance in the major media."

William Colby (1973-1976).

"We'll know our disinformation program is complete when everything the American people believes is false." William Casey (1976-1981).

(Emphasis mine)

Federal and State agencies are heavily relying on the apathy, skepticism and blind trust induced on the American people by decades of Black Propaganda/Psychological Warfare brainwashing and indoctrination.

According to government experts, during the time the FBI, the CIA and the NSA started the covert and massive violation of Americans Constitutional rights, the then Director of the FBI, J. Edgar Hoover stated:

"The individual is handicapped by coming face to face with a conspiracy so monstrous he cannot believe it exists."

On his book, *The Last Investigation* (2008), Gaeton Fonzi details how a high ranking CIA expert in manipulating the people to self-destruction, claimed that covert Black Propaganda Psychological warfare can cause more damage than thousands of soldiers.

On their book, *Nature as Weapon of Global War* ((2021), J. Marvin Herndon, Ph.D., and Mark Whiteside, M.D., M.P.H., detail:

How "as during Hitler's Third Reich, many too many scientists and physicians are complicit, overtly or by their silence and compliance." on the destruction of millions of children and of other defenseless and unsuspecting victims. (Emphasis mine).

On his book, *From a Company of Shadows* (2012), CIA whistle blower, Kevin Shipp details how the CIA routinely manipulates federal Judges to dismiss lawsuits and to conceal CIA covert atrocities against the American people.

On his book, *The True Story of Fake News* (2017), Mark Dice details how the CIA covert Black Propaganda/Psychological warfare have brainwashed and indoctrinated the American people into tyranny, control and self-destruction warning that: "Soon it may be difficult for even experts to prove that something is or is not true." page 320. (Emphasis mine)

On his book, Hidden History, (2016), Donald Jeffries details how for decades, the Deep-State Main<sup>4</sup> Steam Media has concealed how the treasonous and massive public corruption has placed our country on the brink of self-destruction.

"A popular Government, without popular information, or the means of acquiring it, is but prologue to a Farce or a Tragedy; or perhaps both."

James Madison (Emphasis mine).

According to government experts, the best way to reverse the brain-washing and indoctrination caused by Black Propaganda/Psychological warfare, is to verify and research evidence and claims. Parents Alert is aimed to facilitate this endeavor.

That is the reason why, the U.S. Attorney, Mr. Alamdar S. Hamdani, the top criminal prosecutor in this area, and in violation of two Court Orders,<sup>+</sup> refused to engage the evidence proving the fraud on the Courts to conceal that massive medical errors are maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims as detailed herein. See Orders pages 54, 55, Appx. B attached herein.

"Single acts of tyranny may be asserted to the accidental opinion of a day. But a series of oppressions, begun at a distinguished period, and pursued unalterably through every change of ministers (administrations) too plainly proves a deliberate systematic plan to reducing us to slavery."

Thomas Jefferson.

**IT IS EASIER TO CONTROL A POPULATION DEBILITATED BY DISEASE AND WITHOUT THE ABILITY TO DISCERN THE TRUTH!**

For many years, government experts have been warning how federal agents have been infiltrating even the most sensitive areas of federal and State agencies Courts and local governments to pursue private and corrupt agendas of powerful and treasonous interests.

On a Sworn Statement to a federal Court dated April 26, 2011, Ted. Gunderson, a high ranking FBI whistle-blower testified to that effect.

Labella v. Federal Bureau of Investigation, Case No. 11-CV-0023 NGG-LB (E.D.N.Y. March 16, 2012).

On the attempts to conceal the crimes being committed against millions of children and against millions of other defenseless and unsuspecting victims, the CIA asked Congress to expand the Intelligence Identities Protection Act (50 USC 15, Chapter 401) to criminalize identification of CIA agents, assets, and paid and unpaid (bullies) informants operating in American soil.<sup>+</sup>

The evidence on the record cited herein was generated by more than 20 years of litigation on the federal Courts.

This evidence has proven that the same Black Propaganda used to conceal that FBI Hate Group Bullying is provoking threats of violence, mass shootings and other terrorism, is the same Psychological Warfare used by the Main Stream Media to conceal the fraud on the Courts and the harm caused by massive medical errors.

Thanks God, this evidence is crystal clear to research and verify.

Thanks God, parents can use this evidence to protect their children, to protect their families and to protect themselves.

Thanks God, this evidence can be used to protect our country, and to protect our Constitutional Republic and National Security from this evil.

+ According to government experts, federal Judges have been found to be covert FBI and CIA agents.<sup>85</sup>
