(PART 3 of 7).
(Pages 14A to 25).

JIM JORDAN,
CHAIR OF THE JUDICIARY COMMITTEE,
U.S. HOUSE OF REPRESENTATIVES.

- 1- U.S. District Chief Judge, Randall Crane,
- 2- U.S. District Judge, Ricardo H. Hinojosa,
- 3- U.S. District Judge, Micaela Alvarez.

EVIDENCE ON THE RECORD HAS PROVEN THE MASSIVE FRAUD ON THE COURTS AND THE MASSIVE ABROGATION OF THE LAW TO CONCEAL UNDER FABRICATED EXCUSES OF NATIONAL SECURITY THAT MILLIONS OF CHILDREN ARE MAIMED AND TORTURED TO DEATH.

Evidence on the record has proven the collusion of Chief Judge Crane with the Governor of Texas, Greg Abbott on the fraud on the Courts to conceal that the wireless/microwave radiation at school is maiming and torturing to death millions of children.

Due to my Electrohypersensitivity EHS, by the year 2000, I lost the ability to work inside classrooms even part time. The same year my EHS was diagnosed at the Environmental Health Center/Dallas by world-class experts in EHS, Dr. William J. Rea and Dr. Cyril Smith.

On the year 2001, I applied to the Texas Rehabilitation Commission TRC, now the Texas Dept. of Assistive and Rehabilitative Services DARS, for a shielding room for rehabilitation of my EHS. After doctors selected by TRC corroborated the diagnosis of my EHS, ⁺TRC refused to provide the shielding room. On a meeting at my home audio taped by my Texas State Representative, a TCR supervisor promised the shielding room as soon as another doctor selected by TRC corroborated the diagnosis of my EHS.

After another doctor selected by TRC corroborated the diagnosis of my EHS, and prescribed a shielding room for rehabilitation of my EHS, TRC refused to provide the shielding room, and I filed Pro-se a lawsuit in the federal Court in McAllen, Texas and the case was assigned to Chief Judge Crane. Mendoza v. Moron et al., Case No. 7:05-cv-184 (S.D. TX. 2005).

+ (And my mental health)

TRC changed name to the Texas Dept. of Assistive and Rehabilitative Services, DARS.

During the litigation, the then Texas Attorney General and now Governor of Texas, Greg Abbott did not deny that through his agents he removed from my application record among other evidence:

1- Pictures showing how the swelling inside my skull caused by exposure to low levels of radiation is so severe as to push an eye out of its socket;

Page 29 to Statement of Physical Disabilities, Exh. A, attached herein.

2-² Excerpts of an interview in which the then General Director of the World Health Organization, ^{Dr.} Gro Harlem Brundtland declared that her EHS was not imagination. Page 50 Exh. A, id.

3- And a Decision of the Social Security Administration finding that my electromagnetic sensitivity is a medically determinable severe physical impairment that significantly/substantially limits my ability to perform basic work activities when exposed even to low levels of radiation commonly found on the environment. Page 35 Exh. A, id.

Unopposed Motion to Recuse Judge Crane, Docket 25, Moron et al., id.

Without engaging the undisputed evidence on the record proving Abbott's tampering and falsification of government records and in disability discrimination and retaliation, to conceal my EHS and to deny the doctor prescribed shielding room for rehabilitation of my EHS, and to dismiss the case, Chief Judge Crane:

1- Fabricated statements; Pages 22n to 22r, herein.

2- Fabricated medical evidence; id.

3- And claimed falsely that those who are not receiving social security benefits are not disabled to abrogate the Americans with Disabilities Act and the Rehabilitation Act and to conceal that the wireless/micro wave radiation at school is maiming and torturing to death millions of children, as detailed herein.

See Motion to Recuse 3 Federal Judges, pages 34 - 40 Kijakazi, id.

Specific, concrete and undisputed medical, scientific and legal evidence on the Court record has proven the collusion of Chief Judge Crane, Judge Hinojosa and Judge Alvarez with Greg Abbott, with the U.S. Dept. of Education and with others on the fraud on the Courts and abrogation of the law to conceal among other criminal atrocities:

- 1- That millions of school children are exposed to power levels of radiation that cause severe harm even to adults including:
 - A- Levels of radiation above the FCC safety limits;
 - B- To the same radiation that caused severe harm to teachers, to fire fighters and to police officers and to other adults;
 - C- And to similar radiation that has been used by the military as a weapon to remotely maim and torture the enemy to death.
(As detailed by Exhibits A and B attached herein)
 - 2- To conceal that massive medical errors and a massive medical malpractice and a massive Medicaid/Medicare frauds are masking the catastrophic, irreversible and deadly harm and disabilities caused on millions of our children by the chronic, unnecessary and compulsory exposures to deadly radiation at school;
(As detailed by Exhibits A and B, attached)
 - 3- And to conceal that under fabricated excuses of national security, the future of our children and the future of our country and national security are being sold to the Wireless, to big Pharma and to the Medical Cartels as detailed herein. and on pages 2 to 25 herein.
- + The same evidence has proven Abbott's tampering and falsification of government records and disability discrimination and retaliation to conceal my life-threatening EHS, to deny my second and third applications for a doctor prescribed shielding room, and to conceal that the wireless/microwave radiation at school is maiming and torturing to death millions of school children.
Mendoza v. Chief Judge Hinojosa et al., Docket 1, pages 9,12,36,92,122, 206 - 216, 324; Docket 4 pages 8 - 11, 14, id.

EVIDENCE ON THE RECORD HAS PROVEN THE FRAUD ON THE COURTS TO CONCEAL THE HORRIFYING ATROCITIES BEING COMMITTED AGAINST MILLIONS OF OUR CHILDREN UNDER FABRICATED EXCUSES OF NATIONAL SECURITY TO BENEFIT ORGANIZED CRIME.

Specific, concrete and undisputed medical, scientific and legal evidence on the record has proven the collusion of U.S. District Chief Judge, Randall Crane, U.S. District Judge, Ricardo H. Hinojosa and U.S. District Judge, Michela Alvarez with the Governor of Texas, Greg Abbott, with the U.S. Dept. of Education, with the Commissioner of the Social Security, with other federal and State agencies and prosecutors and with others, on the fraud on the Courts to conceal among other criminal atrocities;

1- That the chronic, unnecessary and compulsory exposure to wireless/microwaves and radiation surveillance at school is causing millions of children Electrohypersensitivity EHS, and Chemical Hypersensitivity, CHS, and other catastrophic, irreversible and deadly harm and disabilities that defeat the purpose of education and life;

2- TO CONCEAL THAT MOST DOCTORS ARE IN THE DARK OR IN DENIAL OF ENVIRONMENTAL MEDICINE, of the pain and swelling including THE SWELLING OF BRAIN AND HEART AND OF OTHER VITAL ORGANS caused by radiation and chemicals and continue misdiagnosing and mistreating THE HARM CAUSED BY RADIATION AND CHEMICALS WITH HARMFUL CHEMICALS AND RADIATION, including powerful drugs, deadly painkillers and deadly chemo, X-Rays and other radiation;

(THIS IS LIKE TRYING TO EXTINGUISH A FIRE WITH GASOLINE)

3- And to conceal that under fabricated excuses of national security, the future of our children and of our country and national security are being sold to the Wireless/Big Pharma/Medical Cartels and to other Organized Crime as detailed herein.

On the year 2011, I filed Pro-se a lawsuit against school officials on the federal Court in McAllen, Texas. Mendoza v. Sharyland Ind. School District et al., Case No. 7:11-cv-29 (S.D. TX. 2011).

My lawsuit sought among other things to compel school officials:

- 1- Not to seat children on the schools' harmful hot spots of radiation;
- 2- To measure the levels of radiation reaching children at school;
- 3- And to notify parents of the power levels of radiation reaching children at school.

The lawsuit included medical, scientific and legal evidence detailing how the radiation exposures at school are responsible:

- 4- For the thousands of student visits to the school nurse;
- 5- For the thousands of absences for health reasons; +
- 6- For the poor academic performance;
- 7- And for the increasing number of children suffering from life-threatening and terminal illnesses and disabilities.

Dockets 2,6,13,26,32, Sharyland ISD et al., id

The evidence proving the collusion of Judge Hinojosa and Judge Ormsby with Greg Abbott and the U.S. Dept. of Education and others on the fraud on the Courts and lowering the academic standards to conceal these criminal atrocities is detailed on pages 25-181, 222-294, Dkt 1 to Hinojosa et al id.

+ The increase of children sickness caused by the radiation at school was estimated to be between 700% and 1000%, id.

The Sharyland case was assigned to U.S. District Chief Judge, Ricardo H. Hinojosa and to U.S. Magistrate Judge, Peter E. Ormsby, who in turn denied my unopposed Motion to Recuse⁺ despite of undisputed medical, scientific and legal evidence on the record proving their collusion with the Commissioner of the Social Security:

1+ In falsification of government records;

2- In fabrication of testimony and of medical evidence;

3- And in disability discrimination, retaliation and fraud on their Court to conceal:

i)- That my Electrohypersensitivity EHS, is a physical severe medical impairment;

ii)- To conceal that my EHS is a disability under the Social Security Act;

iii)- And to conceal that I am entitled to disability benefits as a matter of fact and as a matter of law. Pages 13G/1, 13G/2.⁺⁺

My unopposed Motion to Recuse Judge Hinojosa, my Motion for Reconsideration and my Objections to Judge Ormsby's Recommendation detail their collusion with the Commissioner on the fraud on their Court to conceal that a retaliatory radiation surveillance caused me a life-threatening EHS and other severe physical harm, Dockets 21, 25, 28, 32, 33 Astrue, id.

+ In violation of 28 U.S.C. 455.

++ Herein.

On April 7, 2011, on a hearing before U.S. Magistrate Judge, Peter E. Ormsby on my Motion to compel school officials to follow the doctors' orders not to seat children on the schools' harmful hot spots of radiation, and in which I was allowed to appear by phone as accommodation to my EHS, school officials did not deny their failed attempts to persuade my wife to testify falsely in Court that I was mentally insane.

Mendoza v Sharyland Ind. School District et al., Case No. 7:11-cv-29 (S.D. TX. 2011) Docket:101

On April 7, 2011, in another hearing before Judge Ormsby on the same Motion, in which I was also allowed to appear by phone, Dr. Samuel Milham, a world-class expert in the harm caused by the radiation at school testified in support of my claims. Docket:101

On their motion for Summary Judgment (to dismiss the case), school officials, by mistake^o submitted a 73-page document corroborating that they engaged:

- 1- In tampering and falsification of government records;
- 2- In disability discrimination and retaliation;
- 3- And in perjury and fraud on the Court to conceal:

That the chronic, unnecessary and compulsory exposures to wireless/microwave radiation at school is maiming and torturing to death millions of children. Docket 101

Mendoza v. U.S. District Chief Judge, Ricardo H. Hinojosa et al., id, Dockets 1, 14, 17.

In response to the lawsuit against school officials, both, Chief Judge Hinojosa and Judge Ormsby refused to engage specific, concrete and undisputed medical, scientific and legal evidence on the record proving that school officials engaged:

- 1- In falsification of government records;
- 2- In perjury;
- 3- And in disability discrimination, retaliation and fraud on the Court to conceal that the radiation at school is causing children EHS and other catastrophic, irreversible and deadly harm and disabilities that defeat the purpose of education and life.

Dockets 2,6,13,26,32,38,48,57,63,81,97,98, and 101 cite to the undisputed evidence on the record proving the atrocities being committed on children by school officials. Sharyland ISD et al., id.

To prevent that I appealed their retaliatory and fraudulent rulings, Chief Judge Hinojosa and Judge Ormsby claimed in essence:

- 1- That school officials can maim and torture to death children with immunity and with impunity;
- 2- That there was no conceivable relationship between school officials and the retaliatory bullying;
- 3- And that I should be subjected to sanctions for denouncing these atrocities.

Docket 58, pages 10-13; Dockets 62,63,64,74,75, page 3, Note 1, Docket 82, page 4, and Dockets 86 and 87, Sharyland ISD et al., id.

Motion to Recuse 3 Federal Judges pages 2 - 29, 41 - 43, Docket 44, Kijakazi, id.

In response to a federal lawsuit against them and against others, with their signature, Chief Judge Hinojosa and Judge Ormsby admitted and corroborated their criminal and irrational cruelty against children and the disabled, and their collusion with Chief Judge Crane, with Greg Abbott and with the U.S. Dept. of Education and others:

1- In tampering and falsification of government records;

2- In perjury;

3- And in disability discrimination, retaliation and fraud on their Court to conceal under fabricated excuses of national security:

B- To conceal that the wireless/microwave radiation at school is causing millions of children EHS, and brain, eye, blood, nerve, heart and DNA damage and other catastrophic, irreversible and deadly harm and disabilities that defeat the purpose of education and life; id.

C- And to conceal that massive medical errors and a massive medical malpractice and massive Medicaid and Medicare frauds are masking the harm and disabilities caused on millions of children by the radiation at school. Docket 44, pages 2,3,43, Kijakazi, id.

+ Copies of self-recusal Orders are attached herein at pages 39,40.

In response to a federal lawsuit against them and others and with their signature, Chief Judge Hinojosa and Judge Ormsby admitted and corroborated their collusion with Judge Ramos in fabrication of testimony and in fraud on their Court to conceal under fabricated excuses of national security:

- 1- That I became victims of FBI Hate Group Bullying and of an investigation and Radiation Surveillance as retaliation for denouncing that the law school officials were committing fraud of millions of dollars of federal student loans while giving law degrees to those affiliated to the FBI and the CIA and other government agencies; (As detailed by pages 13 to 13g, herein)
- 2- To conceal that the retaliatory Radiation Surveillance caused me a life-threatening Electrohypersensitivity/EHS and other severe and disabling harm; id.
- 3- And to conceal that FBI Hate Group Bullying and Radiation Surveillance are used to maim and torture to death those who denounce government corruption and other innocent, defenseless and unsuspecting victims, including the elderly, the disabled, and even children and toddlers and even in the privacy of their home. id.

The evidence detailing how under fabricated excuses of national security the FBI/CIA/NSA Police State is using Terror Bullying and Through-Wall Radiation Surveillance as weapons to maim and torture to death those who denounce government corruption, those who have been maliciously placed on secret "Terrorist Watch Lists" and other innocent, defenseless and unsuspecting victims is cited herein on pages 26 to 97c.

In response to a federal lawsuit against them and others and with their signature, Chief Judge Hinojosa and Judge Ormsby admitted and corroborated their collusion with the Commissioner of the Social Security:

1- In tampering and falsification of government records;

UNDISPUTED EVIDENCE ON THE RECORD HAS PROVEN CHIEF JUDGE CRANE'S FELONIOUS FRAUD ON HIS COURT TO CONCEAL THAT THE WIRELESS/MICROWAVE RADIATION AT SCHOOL IS MAIMING, AND TORTURING MILLIONS OF CHILDREN TO DEATH.

After Chief Judge Hinojosa and Judge Crane recused themselves from my lawsuit against school officials, the case was reassigned to Chief Judge Crane. Dockets 105, 106, Sharyland ISD et al., id.

In violation of 28 U.S.C. 455, Chief Judge Crane refused to recuse himself from my lawsuit against school officials despite of undisputed evidence on the record proving:

- 1- The collusion of Chief Judge Crane with Greg Abbott on disability discrimination, retaliation and fraud on his Court to conceal that exposure to even low levels of wireless/microwave radiation is causing Electrohypersensitivity EHS, and other catastrophic, irreversible and deadly harm and disabilities to millions of children;
- 2- Proving the collusion of Chief Judge Crane with Greg Abbott in disability discrimination, retaliation and fraud on his Court to conceal that my EHS is a disability and to deny a doctor prescribed shielding room for rehabilitation of my EHS;
- 3- And proving the collusion of Chief Judge Crane and Greg Abbott with the U.S. Dept. of Education to conceal that the microwave radiation at school is maiming, disabling and torturing to death millions of children and of other defenseless and unsuspecting victims.

Motion to Recuse 3 Federal Judges pages 34 - 40, Kijakazi, id.

Without engaging the undisputed evidence on the record proving the collusion of Chief Judge Hinojosa and Judge Ormsby with school officials on the fraud on their Court to conceal that the radiation at school is maiming, disabling and torturing millions of children to death, and without a hearing, Chief Judge Crane dismissed the case to allow these criminal atrocities continue unaddressed, undeterred and with impunity.

Docket 108, Sharyland ISD et al., id.

Some of the undisputed evidence on the record that Judge Crane refused to engage to conceal the atrocitie being committed against millions of school children include my Petition for Reconsideration of Denial of Grievance that I submitted to school officials, and that by mistake, school officials submitted to the Court in support of their Motion for Summary Judgment. Docket 32, Docket 97, Exhibit+8, Sharyland ISD et al., id; Docket 1 pages 101 - 131, Chief Judge Hinojosa et al., id.

Docket 101, pages 16, 34, 48, 57, Sharyland ISD et al., id.

The 73-page Petition for Reconsideration of Denial of Grievance includes specific, concrete and undisputed medical, scientific and legal evidence on the record corroborating the fact that school officials:

- 1- Engaged in tampering and falsification of government records;
- 2- Engaged in disability discrimination and retaliation;
- 3- And comitted perjury and fraud on Judge Crane's Court;

To conceal that the chronic, unecessary and compulsory exposure to microwave radiation at school is maiming and torturing to death millions of children and millions of other defenseless and unsuspecting victims. id; Docket 101, Sharyland ISD et al., id; Docket 1 pages 104 - 131, Chief Judge Hinojosa et al., id.

Undisputed evidence on the record has proven the collusion of Chief Judge Crane with Greg Abbott and the U.S. Dept. of Education and others on the attempts to conceal that the wireless/microwave radiation at school is maiming and torturing to death millions of children.

Motion to Recuse 3 Federal Judges, pages 34, 35 Docket 44 to Kijakazi, id, posted on the Case Law Documents of wirelesswatchblog.org

EVIDENCE ON THE RECORD HAS PROVEN JUDGE ALVAREZ FRAUD ON THE COURT TO PREVENT EXPERT MEDICAL EVALUATIONS OF THE CHILDREN THAT ARE BEING MAIMED AND TORTURED TO DEATH BY THE DEADLY WIRELESS/MICROWAVE RADIATION AT SCHOOL.

On February of 2014, I filed Pro-se and by mail in the federal Court in Brownsville, Texas a 334-page hand-written Complaint seeking among other things:

- A- Compelling the recusal of U.S. District Chief Judge Ricardo H. Hinojosa and U.S. Magistrate Judge, Peter E. Ormsby from my lawsuit against school officials;
- B- Compelling the U.S. Dept. of Education to make expert medical evaluations of the children that have been harmed by the powerful military grade wireless/microwave radiation at school;
- C- And compelling the 92nd State District Court to allow me appearing by phone to hearings and other judicial proceedings as accommodation to my life-threatening Electrohypersensitivity, EHS.

Mendoza v. Chief Judge Hinojosa et al., Case No. 1:14-cv-30 (S.D. TX. 2014), Dockets 1 and Exhibits 1 to 9, and Docket 4.

The Complaint and Exhibits detail with specific, concrete and undisputed medical, scientific and legal evidence on the record proving the collusion of Chief Judge Hinojosa, Chief Judge Crane, and Judge Ormsby with the Governor of Texas, Greg Abbott, with the U.S. Dept. of Education, with the Commissioner of the Social Security, with school officials and with more than 25 Judges:

(1)- In tampering and falsification of government records; (2)- In fabrication of claims, statements and testimony; (3)- In fabrication of medical evidence; (4)- In disability discrimination; (5)- In retaliation; (6)- In perjury to the Courts; (7)- And in fraud on the Courts to conceal among other criminal atrocities:

A- That millions of school children are being exposed to radiation that cause severe harm even to adults, including radiation above the FCC safety levels and to the same radiation that caused severe and in some cases, deadly harm to teachers, to fire fighters and to police officers and other adults; +

B- To conceal that the chronic, unnecessary and compulsory exposures to the massive, powerful and harmful military grade wireless/microwave radiation at school is causing millions of children EHS, and brain, eye, blood, nerve, heart and DNA damage and other catastrophic, irreversible and deadly harm and disabilities that defeat the purpose of education and life;

C- And to conceal that massive medical errors and massive Medicaid and Medicare frauds are masking the catastrophic, irreversible and deadly harm and disabilities being caused by exposure to wireless/microwave radiation on millions of children and on millions of other defenseless and unsuspecting victims as detailed herein.

Docket 1 and Exhibits 1 to 9, and the Statement of Interested Parties, and Exhibits, Docket 4 to *Mendoza v. Chief Judge Hinojosa et al.*, id.

+ A former agent of the British Military Intelligence and expert in radiation warfare testified under penalty of perjury before a federal Court that the microwave radiation reaching children at school is similar to the microwave radiation that has been used and is being used to remotely maim and torture the enemy to death stating in part: "When I realized that similar frequencies and powers that were used as weapons during the Cold War were being used as Wi-Fi in schools, I decided to come out of retirement and travel the world free of charge and explain exactly what the problem is going to be." Excerpts of Declaration of Barrie Trower are attached herein at pages 38 - K/1 to 38 - K/6,

The Original Complaint against Judge Hinojosa and Judge Ormsby and others states in part:

"This Complaint cites to specific, concrete, and undisputed evidence on the record demonstrating Judge Ormsby and Chief Judge Hinojosa's irrational cruelty toward children, towards my children and towards myself, demonstrating an irrational inability to recognize defendant's fraud on the Court, demonstrating an irrational retaliation against my children and against myself and demonstrating Chief Judge Hinojosa and Judge Ormsby's inability to recognize that their conduct defiles the integrity of the Court and of the judiciary, and inability to recognize and accept that their misconduct violates the rights of children, including my children, my rights and the rights of parents similarly situated and violates the right to due process, bodily integrity, right to rear children, right of speech, right to impartial triers of fact, right to access and petition the Court, right to be free from disability, discrimination and from retaliation for exercising these rights, and from conspiracies to violate those rights." Dkt 1, page 318, Hinojosa et al., id.

"Therefore, under Counts 1 and 2, this Court can compel Chief Judge Hinojosa and Judge Ormsby to recuse from Mendoza v. SISD⁺ and from Maldonado v. Astrue⁺⁺ on a mental disability, and/or judicial misconduct to benefit those who are exposing school children to dangerous radiation." Docket 1, pg 318, Hinojosa et al., id.

+ Mendoza v. SISD is a case detailing the collusion of Chief Judge Hinojosa and Judge Ormsby with school officials to conceal that the wireless/microwave radiation at school is maiming and torturing to death millions of school children, Mendoza v. Sharyland Ind. School District, et al., Case No. 7:11-cv-29 (S.D. TX. 2011).

++ Maldonado v. Astrue is my first lawsuit against the Commissioner of the Social Security based on my life-threatening EHS detailing the collusion of Judge Hinojosa and Judge Ormsby with the Commissioner on the fraud on the Courts to conceal the harm caused by Radiation Surveillance on innocent, defenseless and unsuspecting victims. Case No. 7:05-cv-133 (S.D. TX. 2005). ✓ (For disability benefits)

WITH THEIR SIGNATURE, CHIEF JUDGE HINOJOSA AND JUDGE ORMSBY ADMITTED AND CORROBORATED THE EVIDENCE ON THE RECORD PROVING THEIR FRAUD ON THEIR COURT TO CONCEAL THE HORRIFYING CRIMINAL ATROCITIES BEING COMMITTED AGAINST MILLIONS OF OUR CHILDREN, AND OF OTHER DEFENSELESS AND UNSUSPECTING VICTIMS

In response to the lawsuit against them, both, Chief Judge Hinojosa and Judge Ormsby signed Orders of Recusal from the lawsuit against school officials, admitting with their signature their irrational and criminal cruelty against children and against the disabled, and admitting and corroborating with their signature, their criminal collusion with the Governor of Texas, Greg Abbott, with Chief Judge Randall Crane, with the U.S. Dept. of Education, with the Commissioner of the Social Security, with school officials and with more than 25 Judges on the fraud on the Courts to conceal the cruelest and most horrifying criminal atrocities ever committed under fabricated excuses of national security against millions of our children and against millions of other innocent, defenseless and unsuspecting victims as detailed herein.

Dockets 105, 106 to Mendoza v. Sharyland ISD et al., id.

Copies of Chief Judge Hinojosa and Judge Ormsby Orders of self-Recusal are attached herein at pages 39 and 40.

Neither Chief Judge Hinojosa or Judge Ormsby recused themselves from my lawsuit against the Commissioner for disability benefits, and in further retaliation left the case pending for more than 10 years. Astrue, id.

In response to the lawsuit against Chief Judge Hinojosa and Judge Ormsby, two Judges from the federal Court in Brownsville and a Judge from the federal Court in Laredo⁺ recused themselves and the case was re-assigned to U.S. District Judge, Micaela Alvarez who presides along with Judge Hinojosa and Judge Ormsby on the federal Court in McAllen, Texas.

Response to Judge Medrano's Order Docket 50 pages 40 - 62b, Kijakazi, id.
Dockets 5, 7, 11 to Chief Judge Hinojosa et al., id.

+ None of these federal Judges found my lawsuit frivolous, vexatious or in bad faith. See 28 USC 1915, Neitzke v. Williams 490 U.S. 319, 324 (1989). Recusal Orders are attached herein at pages 41, 42, 43.

EVIDENCE ON THE RECORD HAS PROVEN THE FRAUD ON THE COURTS TO MALICIOUSLY ABROGATE THE LAW AND TO CONCEAL AMONG OTHER ATROCITIES THAT THE WIRELESS/MICROWAVE RADIATION AT SCHOOL IS MAIMING AND TORTURING MILLIONS OF CHILDREN TO DEATH.

On the fraudulent Order to Dismiss, Judge Alvarez wrote:

"Eleventh and finally, Plaintiff alleges the 92nd District Court refused to allow him to appear telephonically. This, frankly, is Plaintiff's only remotely claim. Plaintiff is correct that Tennessee v. Lane, and the Sixth Circuit case which was affirmed, stand for the principle that courtrooms must reasonably accommodate citizens' disabilities.⁸¹ Permission to appear by telephone could represent such an accommodation. Nevertheless, the claim fail. To find Plaintiff entitled to the protection of Tennessee v. Lane, the Court would have to find Plaintiff disabled within the meaning of the ADA.⁸² In 2006, Judge Randy Crane considered Plaintiff's disability on summary judgment evidence and concluded that '(t)his evidence does not support a finding that Plaintiff suffered an impairment, much less one that would substantially limit one or more of his life activities.'⁸³ The Court finds that the issue of Plaintiff's disability was previously litigated and adjudicated, and was necessary to Judge Crane's grant of summary judgment. The issue is therefore precluded by collateral estoppel. Furthermore, Plaintiff presents no factual or legal claim of a disability arising after that decision in 2006. As a result, the Court need not consider the factual basis for Plaintiff's claim of disability. Since Plaintiff has failed to show he is disabled, he has no claim for accommodations under the ADA." (Emphasis mine)

+ The lawsuit sought among other things to compel school officials to make expert medical evaluations of the harm caused on children by the massive, harmful and compulsory exposures to wireless/microwave radiation at school. id.

SPECIFIC, CONCRETE AND UNDISPUTED MEDICAL, SCIENTIFIC AND LEGAL EVIDENCE ON THE RECORD HAS PROVEN JUDGE ALVAREZ FALSE STATEMENTS TO THE COURT TO CONCEAL THAT THE MICROWAVE RADIATION AT SCHOOL IS MAIMING AND TORTURING MILLIONS OF CHILDREN TO DEATH.

To conceal that my life-threatening Electrohypersensitivity EHS is a disability under the Americans with Disabilities Act; to conceal that without parents knowing it, millions of children are suffering from EHS, and to prevent expert medical evaluations of these children, Judge Alvares stated falsely to the federal Court:

"In 2006, Judge Crane considered Plaintiff's disability on summary judgment evidence and concluded that '(t)his evidence does not support a finding that Plaintiff suffered an impairment, much less one that would substantially limit one or more of his life activities.'" Judge Alvarez Order to Dismiss, pages 16, 17, Docket 18 to Mendoza v. U.S. District Chief Judge, Ricardo H. Hinojosa et al., Case No. 1:14-cv-30 (S.D. TX. 2014). (Emphasis mine)

"Furthermore, Plaintiff presents no factual or legal claim of a disability arising after that decision in 2006." Docket 18, page 17 id. (Emphasis mine)

Some of the medical, scientific and legal evidence presented to Judge Alvarez proving that my life-threatening EHS is a physical impairment that substantially limits my major life activities, that I have a record of such impairments and that my EHS is a disability under the Americans with Disabilities Act, include:

- 1- The Physician Statement of Disability issued by the Texas Dept. of Aging and Disability Services and signed by my doctor on 6/7/07 proving that my EHS is a physical impairment that substantially limits my major life activities, including:
 - A- "Receptive and Expressive Language";
 - B- "Learning";
 - C- "Mobility";
 - D- "Capacity for Independent Living"; and,
 - E- "Economic Self-Sufficiency" (Working)

My Original Complaint presented to Judge Alvarez details with attached Exhibits 1A to 7C how my life-threatening EHS is a physical impairment and a disability that substantially limits my major life activities and that I have a record of such impairments as defined by the ADA stating in part:

"I declare under penalty of perjury that unless otherwise noted, the Exhibits in support of this Complaint are a true and correct copy of the originals." Docket 1 page 2, Chief Judge Hinojosa et al., id.

SUBSTANTIALLY LIMITS.

"Substantially limits" is defined as 'unable to perform a major life activity that the average person in the general population can perform' or 'significantly' restricted as to the condition, maner or duration under which an individual can perform a major life-activity as compared the condition, manner, or duration under which the average person in the general population can perform that same major life activity.

29 C.F.R. 1630.2(j) (2009);

EEO v. American Tool & Mold Inc., 21 Supp. 3d 1258,1274 (M.D. Fla. 2014);
Response to Judge Medrano's Order, Docket 50 page 57, Kijakazi, id.

Substantially limits is not meant to be a demanding standard and determining whether an impairment substantially limits a major life activity should not demand extensive analysis. The term substantially limits shall be construed broadly and in favor of expansive coverage. Primary object of attention on whther entities have complied with their obligation and whether discrimination occurred not whether the individual impairment substantially limits a major life activity. id;id.

+ On an Order dated April 4, 2017, the Appeals Council for the Social Security Administration corroborated the fact that my Electrohyper-sensitivity is recognized by the medical community and that the best treatment for my EHS is avoidance of radiation.

On a Decision dated May 11, 2020, an Administrative Law Judge for the SSA corroborated the fact that my EHS and CHS are physical severe medical impairments that significantly limit my ability to work when exposed to even low levels of radiation and of chemicals and fumes stating in part:

"The above medically determinable impairments significantly limit the ability to perform basic work activities as required by SSR 85-28."
